New Cabins Designed For Success

The District Council of Yankalilla has revealed the design and configuration of the 23 new single-story cabins to be constructed at the Jetty Caravan Park as part of the Normanville Foreshore and Jetty Caravan Park Masterplan. Council believes the designs present an attractive new accommodation offering in the Fleurieu Peninsula with the potential to attract year-round interest.

A total of six cabins styles have been selected to meet a diverse range of accommodation needs, ranging from the open-plan studio-style

Beachcomer range to the spacious Beach Breeze two-bedroom cabins that have verandas perfect for those who like to entertain al fresco. Three cabins, in The Tide range, have full disability access whilst other configurations include Jetty View, Normanville, and The Dune which are all two-bedroom cabins ideal for families, couples or groups of friends.

District Council of Yankalilla CEO Nigel Morris said that the cabin configurations were selected with the view of offering choice, convenience and quality accommodation, but also

affordability in what is one of the most tranquil and naturally beautiful settings on the Fleurieu Peninsula.

“It’s important to note that the Jetty Caravan Park is a Council-owned establishment,” explained Mr. Morris. “The new cabin designs were finalised with one overarching thing in mind and that is to increase revenue generation from the asset for the benefit of rate-payers,” explained Mr. Morris.

“The 23 new cabins add tremendous value to our area masterplan and ultimately to the economy of our community as a whole.”

Mayor's Corner

Council have hit the ground running this year with some of the projects that have long been in planning about to start.

- Work will soon begin on the Normanville Foreshore redevelopment consisting of boardwalks, plaza, car parking, playground and landscaping. Site fencing will be erected soon so the contractor can commence works.
- The Yankalilla Library project has started with some site fencing in place, demolition works commencing, and excavators ready to start site works for the new building. Rebekha Sharkie MP, Ross Trigg (Community Library Advisory Group), Chief Executive Nigel Morris and myself attended the ground breaking for the new library with Lachlan McEwan of Harmonic Design Studio.

I look forward to sharing updates on these exciting projects as they progress.

Single-use Plastics Legislation Stage 2

South Australians are continuing their commitment to protecting the environment with stage 2 of the Single-use and Other Plastic Products (Waste Avoidance) Act 2020 coming into effect on March 1, 2022. Now is the time to prepare so we can ensure the best environmental outcome for our 'clean and green' state.

From March 1, 2022, expanded polystyrene cups, bowls, plates, clamshell containers and all oxo-degradable plastic products will be prohibited from sale, supply, and distribution. Oxo-degradable products are also prohibited from production and manufacture in South Australia.

For examples of alternative products, supplier lists, support materials and more information to help make a difference to our environment, reduce litter and help 'replace the waste' in South Australia visit www.ReplaceTheWaste.sa.gov.au

CEO's Corner

Ask the CEO (Nigel Morris)

Q1: Can you please tell me why no trees have been planted on the roadside kerb on Main Street from the council offices towards the council depot? This area is very neglected, the weeds only get sprayed when I ask them too. The footpath only gets mended when I ring up to complain. The trees overhanging the footpath (where there are footpaths) only get trimmed if they are inferring with powerlines. The streets only get swept when there are tourists expected. - Karen

Response: We are gradually greening our streets, there are many communities across the district which want improvements to their towns. Our Operations staff have requested a budget for streetscape investigations for the 22/23 budget, should this be approved by the Elected Body, we would be happy to review the Yankalilla Main Street area as part of those investigations.

The area on and around Main Street Yankalilla is sprayed by our Parks and Gardens team on a quarterly basis (Twice leading into spring), but they also whipper snip, hand remove & or spot spray as they determine is required.

The footpath is only attended to on an ad-hoc basis, however, we have patched multiple sites as a result of staff identification, normally resulting from one or more of the other actions we need to attend to in the area as well as a result from customer requests. Please continue to report any hazards to us.

The trees on and around Main Street Yankalilla are trimmed as required to meet clearance standards set out in the Road Safety Act. Powerline tree trimming is completed by SA Power networks contractors. There are also multiple hedges and bushes along this stretch of footpath network which are trimmed back to allow reasonable and accessible pathways for our customers. This is completed twice yearly. Again, if there are any hazards please report them to us.

The streets on and around Main Street Yankalilla are swept on a quarterly schedule, completed by a contractor. While we do complete a sweep in peak season to present the

town in a neat condition to benefits local traders and residents, the streets are swept quarterly.

Q2: There are too many staff in the council to pay each week and the wages are too high for those at the top! My personal opinion is that Nobody should be working at the council if they don't live in the district council of Yankalilla. - Karen

Response: At our last review Council had 70 individual employees (some part time), 67 live on the Fleurieu Peninsula and 3 live outside the Fleurieu. We try to hire local where possible, our last three hires have been from within the Council area.

Interestingly, I have known of locals that have worked at other Council areas.

I have previously been asked why I don't live locally? I was appointed by the Elected Members after an extensive campaign, and although the other candidates were kept in confidence, I have been told no locals made the final interview process. The Elected Members chose the person that they felt could best serve the community.

Although due to dual family circumstances I am unable to live in the District, I have a policy of buying local where possible, attending every community group meeting I'm invited to, am the last to leave every function, come down on weekends and without living in a specific location or belonging to any clubs within the District is never accused of a bias. It is the role of the Chief Executive to present reports to the Elected Body for consideration to make the major decisions. All the Elected Members are local.

I have often wondered if I lived in the District if this would lead to other perceptions, for example, if I lived at Cape Jervis and weeding was done near my place would I received feedback that weeding was only done because it was near my house.

Yankalilla Library is Temporarily Relocating

From Tuesday 1st March 2022 the Yankalilla Library will temporarily relocate from our current location at the Yankalilla Skate Park to make way for the exciting development of our new Library and car park construction.

A modified Library Service will operate out of the Council Office at 1 Charles Street Yankalilla with new operating hours of Monday to Friday, 10 am to 5 pm.

Our friendly Library staff will continue to provide services to the community including;

- Access to over 3 million items through the one card network
- Help to request items from the one card network
- Return your items
- Pick up your requested items
- Join the Library
- Update your details
- Home Library Service will continue
- Sprouts preschool program will continue from Rapid Bay Primary School

For more information contact the Library on 8558 2043.

Continued from page 1...

Mr. Morris cites statistics which reveal that for every dollar of caravan park income generated in Australia, \$1.38 of local economic activity is generated (The Caravan Park Industry Association of Australia).

construction materials are very maintenance friendly. The first of the new cabins will be arriving onsite in the third quarter of this year," added Mr. Morris.

The Jetty Caravan Park "Cabin Project" originally had a budget

funding of \$2,045,450 through the Federal Government's Building Better Regions funding program in recognition of the merits of the project and to maximise its intended socio-economic contribution to Normanville and surrounds. With the three tiers of government now equally contributing to the expanded \$6,136,650 project the Cabin Project will now not only deliver the full 23 new fully furnished cabins, but the funding will also be applied to improve local infrastructure in the park such as underground services, fire hydrants, electricity upgrades, fencing, landscaping and recreational amenities.

"We are confident that the Cabin Project will be successful and generate revenue for the community while adding significant economic value to surrounding local businesses," explained Mr. Morris.

The Cabin Project is one element of the District Council of Yankalilla's overall Normanville Foreshore and Jetty Caravan Park Masterplan which also comprises of a combined new rebuild of the Surf Club and Kiosk, carparking, green space (lawns), nature play playground, dune restoration, beach interface and accessibility upgrades.

Image: Example of Cabin Internals - YMH project in Bright VIC

"All cabins will be single storey with elevations kept to a minimum with a maximum height of 50cm, as requested by residents during Council's community consultation process. The cabin design and

of \$4,090,900 with equal funding coming from Council and State Government's Local Government Infrastructure Partnership Program. In October 2021, the District Council of Yankalilla secured additional

SATURDAY 12 MARCH

9:00AM-2:00PM

The Depot Dirt

Our depot team have been busy around the district with the following works recently completed.

- Upgrade of the Tjilbruke Trail Maker at Carrickalinga
- Upgrade to the Second Valley Hall Carpark and associated Garden Bed
- Maintenance work complete at the Semi-Trailer 'Turn Around' near the Cape Jervis Lighthouse for the ferry.

Seeking Nominations for the New Yankalilla Agricultural Advisory Network

This is an exciting time for Agriculture in both the Yankalilla District and Fleurieu Region with Yankalilla Council having the commitment to assist Agricultural Businesses in the Region through the appointment of an Agribusiness Development Officer.

The express purpose of this role is supporting the Yankalilla district's continued agricultural evolution, underpinned by the principles and practices of resilient farming and supported by knowledge-intensive agricultural inputs, processes and support services, to build the district's profile as a leader in smart and innovative food production and agribusiness.

As part of this commitment to Agriculture is the desire to introduce a new advisory group to be formed under the guidance of the District Council of Yankalilla – Yankalilla Agricultural Advisory Network.

This new group is not designed to take over from your current Working Group in any way, but a group to discuss 'All Things' Ag. and support your group with various issues, projects, funding opportunities, dissemination of information, etc.

A few of the subjects that are already on the agenda are:

- Agriculture Survey
- Water Security
- Business Support
- Regenerative Ag Strategy
- Employment in Agriculture
- Ag Tech
- Climate Change

We are looking for 1 or 2 members from each of the working groups, who farm in the Yankalilla Council area, to join this group.

If you have any questions or comments, please contact Shane Mills – Agribusiness & Economic Development Officer 8558 0200 or shane.mills@yankalilla.sa.gov.au

Council Decisions

The following will provide a summary of the decisions made at the 15 February 2022 Council Meeting. As always, we encourage you to read the complete agenda and minutes to get the details and a greater understanding of topics at www.yankalilla.sa.gov.au/council/agenda-and-minutes

Declaration of Interest

Cr. Quirke declared a perceived conflict of interest regarding the Kiosk redevelopment as her husband has taken a public interest in the matter.

Cr. Rothwell declared a perceived conflict of interest related to Agenda Item 14.2 due to his involvement with the Aldinga Bay Surf Lifesaving club and will continue to remain in the chambers, participate in debate and vote in the matter.

Mayor's Report

The Mayor's report was noted.

Reports of Members, Delegates and Working Parties

Cr. Quirke provided a verbal report on public feedback regarding the foreshore redevelopment and the annual licence holders at the Jetty Caravan Park – Normanville.

Deputations

There were three deputations

regarding Agenda Item 12.1 Termination of Annual Licences in the South Section of Jetty Caravan Park – Normanville in 2024, from Mr Don Wilson, Mr Ian Painter and Mr Des Gubbin.

Questions on Notice

Questions taken on Notice from Cr. Olsson at the January 2022 Council Meeting regarding the Rapid Bay Campground were answered.

Questions regarding the Use of Jet Skis within the District from Cr. Olsson were answered.

Questions without Notice

Questions were asked and answered.

Questions from Cr. Quirke were taken on Notice to be reported on at the March 2022 Council Meeting.

Motions on Notice

The Motion on Notice regarding Termination of Annual Licences in the South Section of Jetty Caravan Park – Normanville in 2024 was withdrawn by Cr. Zarins with the noted intention to bring this back before Council by May 2022.

Motions without Notice

A number of unsuccessful Motions without Notice were put forward by Cr. Quirke.

Reports of Officers

Chief Executive Report

Council received the report and

noted the awarding of two grants from the Arts & Creativity Grant Program.

Normanville Surf Lifesaving Club and Kiosk/Café Project – Risk Register

Council received the report and noted the provided risk mitigation strategies. Council also resolved that the report continue to be updated and tabled within the CEO report on a monthly basis until project completion.

Jetty Caravan Park – Normanville – Cabins Project

Council received the report and authorised the Administration to increase the budget allocation for the additional three cabins whilst maintaining the overall budget allocation.

Council also resolved to enter into a contract with Yarrawonga Manufacturing Housing for the supply and installation of the additional three cabins.

Cape Jervis Boat Ramp Jetty Repair Project

Council received the report and allocated \$80,000 at the next quarter budget review to add to the \$140,000 received from the Recreational Fishing, Boating and Camping Facilities Fund Grant for the installation of a floating pontoon and crack sealing maintenance at Cape Jervis Boat Ramp.

Council also resolved that the proposed Cape Jervis Boat Ramp Heads of Agreement be topic of discussion at the March 2022 Elected Member Forum.

Rapid Bay Bridge Replacement – Essington Lewis Drive

Council authorised the Mayor and Chief Executive to sign and use the common seal to execute the Funding Deed for the Bridges Renewal Program Round Five, Rapid Bay Bridge Replacement.

Jetty Caravan Park – Pricing and Marketing Initiatives

Council received the report and authorised the CE (or delegate) to enter into discussions and sign a contract with the Big 4 Group to become a full Co-Operative Member of the Big 4 Group at the Jetty Caravan Park – Normanville for the minimum period of 7 years.

Council noted the purpose of becoming a member of the Big 4 Holiday Parks.

Council also resolved for the CE (or delegate) to develop a dynamic pricing strategy for the accommodation charges to be implemented for the next financial year 2022/23.

Council also adopted revised Fees and Charges for the Jetty Caravan Park – Normanville to immediately introduce a more flexible pricing

approach for the remainder of the current financial year 2021/22.

Council also resolved for the Confidential Presentation from Big 4 to be kept in confidence for a period of five (5) years or until Council has entered into a signed contract with Big 4 Group.

Temporary Road Closure & Detour – Main South Road, Myponga – North Travelling Traffic

Council resolved to support the closure and detour of Main South Road, from Hutchison Street, Myponga to Country Road, Sellicks Beach to stage the 2022 Great Southern Bolt.

Regional Subsidiaries and Other Organisations/Entities

Fleurieu Region Community Services Advisory Committee Minutes

Council received the minutes of the meeting of the Fleurieu Region Community Services Advisory Committee (FRCSAC) meeting held on 11 January 2022.

Confidential Items

Nil this month

Upcoming Agenda Items March 2022

- **Service Level Agreements on Parks and Gardens**
- **Status Update of Council's Accountable Documents inc. Licences / Contracts etc**
