Yankalilla Council Transport Service Breaks Record: Providing Crucial Support to Our Community

We are thrilled to announce that the Yankalilla Council Transport Service (YCTS) achieved a new record high in February, travelling 17,497 km in just 28 days while making 448 service deliveries. This is a remarkable achievement and reflects the dedication and commitment of our team to provide high-quality transportation services to our community.

YCTS is an important service that provides support to residents living in their own homes and is funded by the Department of Health under their Commonwealth Home Support

Program (CHSP) and the District Council of Yankalilla. Our community transport service is available to permanent residents 65 years of age or older and carers thereof, or 50 years and over for Aboriginal and Torres Strait Islander people.

The transport service is not only available for medical and allied health appointments, but also for outings that benefit general wellbeing. During February, we took 191 of our 453 clients to various appointments all over our region, including Victor Harbor, Normanville, Cape Jervis, Yankalilla, Adelaide, Flinders Medical

Centre, Noarlunga Hospital, Seaford Day Surgery, McLaren Vale, and Mt Barker. This highlights the critical role that our service plays in ensuring that our community members can access important appointments and services.

Our service is administered and coordinated by the District Council of Yankalilla, and driving is offered by a dedicated team of volunteers who are trained and supported by the Council. We are proud to have a team of compassionate and qualified individuals who are committed to serving our community.

Continued page 2

Payment for the service is by donation, and guidelines are listed in the CHSP Client Contribution Policy 2018. We believe that access to transport should not be a barrier for anyone in our community, and we are committed to providing a service that is affordable and accessible to all.

We understand that availability can be limited, especially on Tuesdays and Thursdays, and we encourage everyone to book their appointments as soon as possible by calling the direct line on 8558 4086. If you have any questions or general enquiries, our CHSP Officers are available to assist you from 8.00 am to 4.00 pm on weekdays.

The Yankalilla Council Transport Service plays a crucial role in ensuring that our community members have access to important services and appointments, and we are committed to providing a high-quality, affordable, and accessible service to all. We invite anyone who needs help with transport or has general enquiries to contact us, and we look forward to continuing to serve our community in the future.

CEO's Corner

I've been reflecting on my experience and interactions with the community, as well as the developing relationships across the region, since taking on this role at DC Yankalilla in the middle of 2022. I'd like to begin by thanking the community and our incredible team of staff for their warm welcome, interest, and passion for the area. What became abundantly clear to me early on is that we are fortunate to have a dedicated and passionate workforce that goes above and beyond to deliver great outcomes to the community. However, in recent times, I've received reports that some of our frontline and outdoor staff have had an increasing number of negative (and occasionally hostile) interactions with members of our community. While I understand that members of the public may become frustrated with Council at times, this type of behaviour is unacceptable, and our employees deserve to feel safe at work.

Mayor's Message

This year is flying by, and another busy month has passed.

It was an honour to MC the 35th Anniversary of the Tjilbruke Dreaming Track markers dedication ceremony at Carrickalinga, as the first of four plaques within Yankalilla Council were unveiled by the Governor of South Australia, Her Excellency, Frances Adamson.

Senior Cultural Custodian Karl Telfer led a smoking ceremony and accepted the tributes offered on behalf of his late mother for her life's work and gave us a ceremonial welcome, which touched and embraced us all. It was a lovely afternoon and again I would like to thank all Council staff involved with this project as we finished the day with tasty offerings made from bush ingredients to spoil us all.

As part of my mandatory training, I attended the Principal Members Forum with 50 Mayors from across South Australia participating in the LGA's two-day course. The forum provided a unique opportunity for us as Principal Members to build our knowledge as local leaders, while

fulfilling our training requirements under the new Local Government legislative provisions. It also gave us the opportunity to come together as a group – catching up with familiar faces and meeting new Mayors many of whom like me, are beginning their first term on Council. I found it a very worthwhile exercise.

A big thankyou to Linda Ross who asked me to join the Yankalilla Library Sprouts at Rapid Bay Primary School for Storytime, Maths Fun for under 5s and Little Bang Discovery Club session. We read books, had a sing along and engaged in different activities to promote early literacy development, socialising, science discovery, maths, creativity and fun! It was a great activity, and I would highly recommend this to all parents with pre-schoolers.

Looking forward to starting the process of Township Plans this month and the challenge of the Budget process for next year.

Kind Regards,

Darryl Houston
Mayor

With National "Be Kind" Day in early March, I was reminded of advertisements from the hospitality and retail sectors promoting the fact that workers are people with families, lives, and various challenges of their own, and this gentle reminder should go to us all. People working in a role are frequently not responsible for the issue, which is causing frustration, so we need to be able to step back and understand the impact of these interactions.

With this in mind, and in recognition of the fact that we welcome feedback and input, I would like to take this opportunity to encourage you to contact Council via our official email address, council@yankalilla.sa.gov.au. Please provide as much information as possible, and our Customer Experience Team will forward your enquiry to the most appropriate department in search of a resolution or an update. It would also be

helpful if you could provide a mobile phone number, as this will allow us to send you a job number, allowing you to follow up on your request if necessary. If you have an urgent concern, please contact one of our friendly Customer Experience Team Members at 8558 0200. We are here to assist you in any way that we can.

If you happen to see our work crews out and about, delivering programs and services for the community, please stop and say 'hi.' We appreciate your support.

In the coming month, we are excited to begin the Annual Business Plan and Budget process with the Elected Members as this process will involve multiple opportunities for community engagement, and we look forward to your feedback to help shape the direction and expenditure ahead of June 2023.

Nathan Cunningham
Chief Executive Officer

Changes Under the National Immunisation Program

From 6 February 2023, the dose schedule for the Human Papillomavirus (HPV) vaccine will change to a single dose and eligibility for the catch-up program will be extended up to and including 25 years of age under the National Immunisation Program

HPV is a common virus that can cause cancers, particularly Cervical Cancer and other conditions that lead to serious health consequences in people of all genders. The benefits of HPV vaccines are greatest when they are given before exposure to the virus. This underpins the implementation of vaccination to young people in early high school years

The program change is based on a large volume of evidence that has emerged in recent years. The

Australian Government's expert advisory group, ATAGI, has reviewed the international evidence and determined that a single dose gives comparable protection to two doses that has been provided prior to this decision.

The HPV vaccine is funded and primarily delivered through school Immunisation programs to young people aged approximately 12 to 13 years old. The District Council of Yankalilla provides a free school vaccination service at the Yankalilla Area school for years 7, 8 and 10 students and the catch-up vaccination is provided by your General Practitioner (GP) or other primary care providers.

For more information visit: <https://bit.ly/HPVvaccine-updates>

BankSA Mobile Bankers to Visit the Yankalilla Library in April

Mobile Bankers from BankSA will be on site at the Yankalilla Library in April to support BankSA customers with ways to do their banking.

They'll be available on **Thursday 6 April 2023 from 11am to 4pm.**

The services available during the Mobile Banker visit will include: -

- Helping BankSA customers get to know our range of banking options
- Internet and Mobile banking education
- Arranging introductions to a Business or Agribusiness Banker or Home Lending Specialist
- Help with other general enquiries

The BankSA Mobile Bankers won't be able to handle any cash transactions and ask that you visit the Yankalilla Post Office for these.

Please come down to the Yankalilla Library on 6 April if the BankSA team can be of assistance to you.

How to stay

Council delivers its news in different formats, and you have the option of receiving it in the best way that suits you!

Pick up a hard copy in Council facilities and various public outlets throughout the District.

Alternatively, you can find monthly editions and subscribe to receive it by email, by scanning the QR Code below or visiting https://bit.ly/dcy_intheloop

If you cannot access our news in any of the above formats, request to have a hard copy posted to you by calling us on 8558 0200 or by emailing council@yankalilla.sa.gov.au

Summer Brings Success Across Beaches

We are very fortunate to have threatened Hooded Plovers nest on our metro and Fleurieu beaches. Have you seen their fenced and signposted nesting areas?

Landscapes Hills and Fleurieu, Green Adelaide, BirdLife Australia, local Councils and a dedicated team of volunteers work through the summer to fence off nesting sites, raise awareness of beachgoers and monitor the progress of nesting pairs and their chicks.

From the moment the parent birds decide where to nest and lay eggs, they are in constant threat from foxes and dogs, human disturbance, vehicles on beaches, rubbish and even high tides! Life is tough on the beach so reaching the age of fledging – when the chicks are able to fly at around 5 weeks old – is a celebration.

And that is just what volunteers and partner organisations have been doing this week, as it has been confirmed that several chicks have fledged in the past fortnight.

Landscapes Hills and Fleurieu's Coast and Marine Project Officer Caroline Taylor said the outcome defies recent trends for some beaches in the region.

"These fledglings have been mostly from nesting sites between Port Willunga and Lady Bay. The birds have had difficulty nesting and raising chicks to fledging age along this part of the coast for the past two seasons, so we're really happy to see they've succeeded this year".

"We also have a new nesting site on Middleton Beach, further east than normal, which is being occupied by two of last year's fledglings. It shows the importance of flagging and monitoring the chicks to see where they resettle in future breeding seasons."

Closer to the city, a fledgling was recorded at Seacliff – a beach where the birds have generally had success but last year produced no fledglings, despite their many attempts.

Green Adelaide Team Leader Coast and Seas Tony Flaherty said it's encouraging to see a chick make it to the all-important flying stage at this busy metro beach.

"So far this season we've observed 12 fledglings across the whole Adelaide and Fleurieu Coast and we still have chicks and nests on the beach, so there's a chance we may have more.

"There are only around 70 hooded plovers across Adelaide and the Fleurieu Peninsula combined, so every individual counts," Mr Flaherty said.

Ms Taylor and Mr Flaherty agreed that this wouldn't be possible without all the people working to help Hooded Plovers survive on our coastline.

"We'd like to thank and acknowledge local beach-goers who all contribute to helping these birds with sensible behaviour around nesting sites, and of course the volunteers who help to educate beach users and keep an eye on the nests," Ms Taylor said.

"This support has been pivotal, particularly as these birds have survived the busy Christmas school holiday period which is always a challenging balance," she said.

As always, beachgoers are reminded to follow signage around nesting sites – stay away from fenced nesting areas, walk past at the waterline, ensure dogs are on leads and have a chat to volunteers if they are around. There's so much to learn about these special birds and with such great results, it proves the extra diligence really pays off.

Learn more about Hooded Plovers in the region at <https://www.greenadelaide.sa.gov.au/discover/native-animals/hooded-plover>.

The Hooded Plover project is jointly coordinated by Green Adelaide Landscapes Hills and Fleurieu and BirdLife Australia with support from local Councils. It is funded by Green Adelaide and Landscapes Hills and Fleurieu, through funding from the Australian Government's National Landcare Program.

Normy Summer Beach Fest 2023, Jan 21

The Normy Summer Beach Fest is all about giving young people and families a summer event to look forward to. With its festival vibe and fun activities at the beach this year's event didn't disappoint.

Waves of locals and holiday makers alike enjoyed the full-day program of family activities at the Normanville Foreshore. On the beach were games stations for anyone keen for some fun with beach cricket and beach volleyball adding a dash of competitive spirit to the day. Fleurieu Families were there facilitating a sand sculpture competition filling the beach with some amazing creations.

Testing wind conditions and the challenges of an event site undergoing re-development didn't dampen the enthusiasm of attendees, however gusty offshore winds led to the cancellation of the planned stand-up paddle boarding and kayaking activities.

On the southern lawns talented local Hugo and Jim from Dissonant Issue of Triple J's Like A Version fame – kicked off the live music sessions in the morning, followed in the afternoon by Hindmarsh Tiers Local Rob Edwards– who relished in the atmosphere of playing in the sunshine at the Normanville Foreshore. This created a fantastic atmosphere for parents to chill out on a picnic blanket as the kids made good use of the new foreshore playground.

A hub of service provider stalls gathered on the lawns of the main foreshore with experiences to engage families and promote their services while Fleurieu FM broadcast live from the event throughout the day. The

'Sunscreen and Sippers' service which has been run by the Uniting Church members for over 15 years, stationed themselves on the beach armed with sunscreen and icy poles with.

The event hosted by the District Council of Yankalilla's Community Team in partnership with Reclink SA and the Normanville Surf Lifesaving Club is becoming the Fleurieu Coast's signature family event for the summer season, look out for it in January 2024 when it will be coupled with the Normanville Surf Lifesaving Club's annual long swim event.

To find out more about Council's Youth Program contact Tia Russell on (08) 8558 0200 or email tia.russell@yankalilla.sa.gov.au

Saturday 8th April	CLOSED
Sunday 9th April	CLOSED
Monday 10th April	CLOSED

Anzac Day

Tuesday 25th April	CLOSED
--------------------	--------

Fleurieu Coast Community Network (FCCN) aims to create meaningful connections with our community, to provide support and to facilitate communication between organisations within our district.

It is for both community members and service providers within our district.

The next meeting is on Wednesday 5th April, 5pm, at Yankalilla Council Chambers or via Zoom.

For further enquiries email fccn@yankalilla.sa.gov.au

Major Projects Update

We are pleased to provide an update on Council's major projects, which are progressing well. We encourage the community to visit our website for a detailed breakdown of the total budget of project expenditure for each project. All information is current as of the time of publishing.

Normanville Surf Life Saving Club and Café/Kiosk

Blockwork for the project started on February 13 and is now complete for the first floor of the building. The load-bearing walls and concrete core filling are being laid, and it provides a better indication of the ground floor plan and the size of the building within the surrounding landscape.

The project team has completed the retaining walls, sewer, and underground plumbing in line with the approved plans. The new SA Power Network transformer is scheduled to be installed this month.

Partek is reinstating the sand dunes by using the pre-existing material excavated from the site, which is one of the conditions agreed upon through collaboration with the Coast Protection Board. The next step is cutting and painting the sheet piles, which will create a neater look to the construction site.

Council released a request for a quote to engage a commercial real estate company or agent to advise on a suitable process for an 'approach to market' for the café and kiosk at the Surf Life Saving Club. Five prospective candidate companies were approached, and the CEO and Director Assets and Environment will review the request for quote submission before the end of March. Once appointed, the next step will be for the agent to attend an Elected Member Forum where the agent will seek views on vision and aspirations

from the Elected Members ahead of seeking market interest for the leaseable spaces.

Big 4 Normanville Jetty Holiday Park

The remaining cabins are in the final stages of completion, with a revised estimated completion date of March 23, 2023. A Building and Fire Safety Audit ahead of the issuing of Certificates of Occupancy has been completed, which is a mandatory requirement prior to allowing guests to book and use the cabins.

Of the previously reported estimated \$61k of outstanding works required to complete the remaining cabins ready for occupation, the stormwater management for the 11 cabins, plumbing of firefighting tanks, miscellaneous stock and equipment associated with fit out and operation of new cabins, and formation of car parking areas are now complete. General landscaping works will continue to be delivered and are not critical to enable guests to be welcomed into the newly commissioned cabins.

Caravan Park bookings remain at high levels, with the Easter weekend at full capacity, including the final 12 cabins. Staff look forward to welcoming additional guests for the upcoming run of public holidays.

Normanville Foreshore

Stage 1 Plaza, lawn, and nature play areas are well-utilized, and the garden plantings are established and growing into the space. Fencing installed by the Council's depot team provides protection to the delicate dune areas as well as defining the space.

The stage 1 boardwalk is now complete, with minor defects being addressed and rectified by contractors. The shade/shelter structure is on track to be completed in the coming week and will provide additional shade and seating for visitors.

As previously reported, the final timeframe for car park sealing will be negotiated to work around the impacts of the Normanville SLSC & Café/Kiosk, currently under construction. Wheel stops have been ordered and will be installed once received. Whilst the car park is fully compliant, the inclusion of wheel stops will improve current offering and user experience.

The Council's Project Team has identified some minor issues with drainage near the existing shower and is currently working with the designers and civil contractors for a best practice solution to fit within the current budget.

Yankalilla Cultural Centre and Library

Library Build and Fit Out

The Yankalilla Cultural Centre and Library's construction is progressing well, with practical completion issued before the official opening of the library. A defects walkover conducted by Council staff, Harmonic Designs (the Designer), BeyondLink (the Project Superintendent), and Building Solutions (the Builder) identified a number of defects requiring rectification within a prescribed period. A direction to rectify the defects was issued by the Project Superintendent, and the contractor

was given an initial 14-day defect period to rectify the critical defects. However, the period has expired without remedy of the defects, which has led to an updated Direction to Rectify the Defects (Rev 2) being issued to the Contractor.

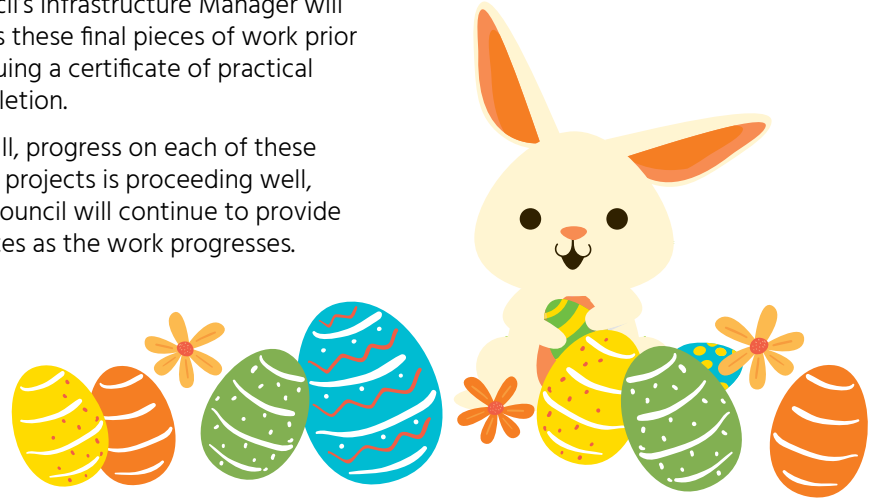

Library Carpark

The Library carpark's construction, including stormwater management, is complete, and the next lot of ancillary works to be undertaken over the coming months includes stormwater infrastructure within Yankalilla Youth Park, reinstatement and replacement of sections of irrigation due to changes within the Yankalilla Youth Park, filling of the area between the new carpark and landscaping and reinstatement of lawned areas, and replacing street trees removed as part of the Carpark Redevelopment.

Forktree Road Project

Speed restrictions have been lifted following a final defect walkover, and ancillary items such as cosmetic works to embankments and current signage reinstatements are ongoing. Council's Infrastructure Manager will assess these final pieces of work prior to issuing a certificate of practical completion.

Overall, progress on each of these major projects is proceeding well, and Council will continue to provide updates as the work progresses.

Report - Summer Recycling Collection

FLEURIEU REGIONAL
WASTE AUTHORITY

The Fleurieu Peninsula and Kangaroo Island continue to lead the way in South Australia in waste management, being the first and only council to provide weekly collection of Recycling and FOGO over the summer period. The Summer Recycling Collection program reduced waste sent to landfill by 20% and achieved a landfill diversion rate of 68% up from 57% in 2021/22. This was led by a 61% increase in Food Organics and Garden Organics collected and a 17% increase in Recycling material collected and injected into South Australia's circular economy.

The District Council of Yankalilla reduced their waste to landfill by 24%, increased FOGO by 67% and increased recycling by 23% resulting in a waste diversion of 64% for the summer period. Financially the project came in within budget due to less tonnes being collected and less collection hours performed.

Some of the feedback received from DC Yankalilla residents was related to rural properties not having a FOGO collection and not able to recycle food waste, confusion from residents not being able to understand the calendar, holiday home owners who had tenants and the program did not meet their needs. There was a notable increase in waste in public litter bins compared to last summer which may have been as a result of the change in waste collections or an increase in visitors to the area.

District Council of Yankalilla	Summer 21/22	Summer 22/23	Change	%
MSW	203	154	-49	-24%
FOGO	90	149	+60	UP 67%
Recycling	99	122	+23	UP 23%
Total tonnes	392	425		
Diversion rate	48%	64%		

REGIONAL DATA

GENERAL WASTE reduced by 20% (288 tonnes)

FOGO increased by 61% (562 tonnes)

RECYCLING increased by 19% (149 tonnes)

DIVERSION RATE improved from 54% to 68%

These figures show the community has adapted to the change and is recycling more material.

Council Decisions

The following will provide a summary of the decisions made at the 21 March 2023 Council Meeting. As always, we encourage you to read the complete agenda and minutes to get the details and a greater understanding of topics at www.yankalilla.sa.gov.au/council/agenda-and-minutes

Mayor's Report

The Mayor's report was received. Mayor Darryl discussed a regional housing update with information in regard to the State Government's Regional Housing announcements and his attendance at the Principal Members Forum. The Mayor also reflected on his attendance at the Tjilbruke Dreaming Track 35th Anniversary.

Reports of Members, Delegates and Working Parties

Cr. Olsson attended Ag Fest and would like to pass on thanks to Amy Williams and staff for a fantastic day. Cr. Rowlands and Cr. Moffat endorse this statement.

Deputations

Ms Sue Speck addressed the Elected Members regarding Agenda Item 14.3 Proposal to Initiative the Yankalilla District Council Local Heritage – Stage One Code Amendment.

Questions on Notice

A number of questions were asked by Cr. Quirke and Cr. Verwey, and answers were received.

Questions without Notice

Questions were asked and answered.

Motions on Notice

A motion by Cr. Quirke regarding the establishment of a dog park was lost. Motions by Cr. Verwey concerning an access road on Finnis Vale Road and the budget process were lost.

Reports of Officers

Notification to Council Members – Casual Vacancies

Council was advised that the Local Government (Casual Vacancies) Amendment Act 2023 commenced operation on 9 March 2023. The effect of this Act is to provide that the office occupied by Councillor Davina Quirke is taken not to be, and to never have been, vacant as a result of the ordinary operation of Section 54(1)(h) of the Local Government Act 1999.

Privately Funded Planning and Design Code Amendments Policy and Procedure Documents

The report was received. It was resolved to endorse the Privately Funded Planning and Design Code Amendments Policy and Procedure Documents with an additional statement and clauses.

Proposal to Initiate the Yankalilla District Council Local Heritage – Stage One Code Amendment

The report was received. It was resolved to endorse the proposal and to support commencement of preliminary consultation with affected landowners.

Annual Business Plan & Budget Policy

The report was received, and Council adopted the revised Annual Business Plan and Budget Policy.

Mid-Year Budget Review

The report was received. Council resolved to approve the 2022-23 mid-year budget revisions set out in this report, and budget, to be adopted as their current budget as also recommended by Council's Audit Committee.

Southern & Hills Local Government Association – SAROC Delegate

The report was received. Council endorsed the S&HLGA Board Nomination of Mayor Darryl Houston as the regions SAROC (South Australian Regional Organisation of Councils) delegate.

Request for Renewal of Cash Advance Debenture Facilities

The report was received. Council endorsed the application for renewal of \$8,062,400 Cash Advance Debenture facilities maturing in 2023.

Proposed Sunshade for Playground at Lions Youth Park, Yankalilla

The report was received. Council resolved to support a partnership with Yankalilla & District Lions Club (Lions) to erect a sunshade over the playground at Lions Youth Park, 181 Main South Road, Yankalilla. Council also endorsed to provide a sincere thanks to the Lions Club for their generosity on this and other projects of great community benefit.

HMAS Hobart Memorial – Acquisition & Road Widening

The report was received. Council resolved to continue negotiations to acquire portion of Certificate of Title Volume 6110 Folio 184 to widen Main South Road to include the Hobart Memorial land as public road/road reserve for parking, lookout and memorial benefits, noting this parcel will not be added to Council's Community Land register.

Application for 2023/24 Special Local Road Program - Range Road

The report was received. Council endorsed to authorise staff to make an application under the 2023/2024 Special Local Roads Program for funding for Range Road and to provisionally allocate \$400,000 in the 23/24 Annual Business Plan and Budget for Councils contribution to the renewal of Range Road, subject to successful application for funding through the Special Local Road Program.

Maple Lane, Hay Flat

Council resolved to defer the consideration of Maple Lane, its classification status and any potential upgrade or closure until the FY23/24 Annual Business Plan and Budget process.

Strategic Plan – 6 Month Update

The report was received. Council noted the 2022-23 6-month 'Update on delivering our Four-Year Focus 2020-2024' Strategic Plan document.

Independent Audit Committee Member

The report was received. Council resolved to appoint Dr. Andrew Johnson to the vacant position of Independent Audit Committee Member.

Adoption of Code of Practice for Access to Meetings and Documents

The report was received. Council adopted the update to the Code of Practice for Access to Meetings and Documents.

Major Projects Report

The report was received.

FRWA Audit & Risk Committee Membership

The report was received.

Monthly Finance Reports

The report was received.

Chief Executive Officer Report

The report was received.

Council Committee Minutes

The minutes of the Audit Committee Meeting held on 27 February 2023 were received.

Minute Action Report

The report was received.

Meeting dates

Council meetings are held on the 3rd Tuesday of each month at 4pm.

Agendas are available the Friday prior to the meeting and Minutes are available the Friday after the meeting, both on Council's website.
