

in the loop

Students from Rapid Bay Primary School and Yankalilla Area School taking part in National Simultaneous Storytime (NSS).

National Simultaneous Storytime with Yankalilla Library

National Simultaneous Storytime (NSS) is held annually by the Australian Library and Information Association (ALIA). Every year a picture book, written and illustrated by an Australian author and illustrator, is read simultaneously in libraries, schools, pre-schools, childcare centres, family homes, bookshops and many other places around Australia.

National Simultaneous Storytime this year was *Luna Roo the Kangaroo Baller* by Adam Jackson and Adrian Lloyd, illustrated by Jake Minton and published by Little Book Press. Luna Roo finds her inner strength on the field in this energetic underdog story.

Mayor Houston and Library Linda visited the Yankalilla Community Children's Centre, Kindy room.

The Kindy children gave an amazing tour of their nature play area. They listened to and engaged with the story as the mayor read to them.

Yankalilla Area school celebrated National Simultaneous Storytime with two Year 6 students, Ruby and Maisy who read the *Luna Roo*. They pre-recorded themselves reading the book aloud and then played the video to the audience at an assembly on the day.

For National Simultaneous Storytime 2026, students at Rapid Bay enjoyed participating in a range of class activities connected to the story and were very excited to take part in the colouring in competition. It was a wonderful opportunity to celebrate reading, creativity and a shared love of books across the school.

Yankalilla Library donated a copy of *'Luna Roo'* to Myponga Primary School, Yankalilla Community Children's Centre, Yankalilla Area School and Rapid Bay Primary School.

MAYOR'S MESSAGE

This month, one of my highlights was taking part in the Yankalilla Football and Netball Club's Big Freeze fundraiser to help FightMND tackle Motor Neurone Disease. Congratulations to everyone involved in this fantastic community effort, which raised an incredible \$53,000 for this important cause. The generosity shown by our community will help support people living with MND and contribute to the vital research needed to find a cure.

I also had the opportunity, alongside our CEO, to meet with Member for Mawson, Jenni Mitton MP, to discuss how we can continue strengthening collaboration between all levels of government. Our conversation focused on ensuring future investment aligns with Council's Strategic Community Plan: VISION 2030 and our Partnership Prospectus.

Working with neighbouring councils and regional partners, we continue to advocate for priorities that will support sustainable growth

and improve the liveability of our region. These include investment in infrastructure, transport and digital connectivity, climate resilience, housing opportunities and fairer funding for local roads. Council will continue championing these priorities to ensure our community's voice is heard.

There was also encouraging news from the State Government, with funding allocated for a statewide campaign to raise awareness about the safe disposal of batteries. This initiative will help reduce fire risks and support better environmental outcomes for communities across South Australia.

Closer to home, I was pleased to attend National Simultaneous Storytime, which brought together local children, families and educators to celebrate the joy of reading. It was wonderful to see such strong participation across the district and a shared commitment to encouraging literacy and lifelong learning.

Warm Regards,

Darryl Houston
Mayor

CEO'S CORNER

South Australia's local government sector is currently awaiting the outcome of proposed changes to the timing of the 2026 Local Government Elections.

Recently, the Electoral Commission of South Australia formally requested that the elections (originally planned to conclude in November 2026) be postponed, citing the need for additional time to consider and implement recommendations arising from reviews into the administration of this year's State and First Nations Voice elections. Following this request, legislation was introduced to Parliament proposing that the elections be deferred.

At the time of writing, Parliament is considering the proposal which

aims for a deferral to April 2027 and a final decision is expected shortly. In the meantime, Council has paused all planned election-related communications and campaign activities until there is greater certainty around the timing of the election.

While views across the local government sector have varied, one principle remains paramount: our communities, candidates and councils must be able to have confidence that elections are conducted lawfully, competently and with the highest standards of integrity. Maintaining trust in the democratic process is fundamental.

I recognise that any change to the election timetable has implications for our current Elected Members, the community and Council staff. Many people have been planning around the previously scheduled November 2026 elections, and uncertainty

around the timing understandably creates challenges.

Some Elected Members may have already made personal decisions based on the current timetable, including whether they intend to seek re-election. Equally, our community rightly expects the opportunity to have its say through local elections. Whatever the outcome, I know many people will be keen to have certainty as soon as possible.

Council will continue to focus on delivering services and projects for our community while this matter progresses, and we will provide updates as further information becomes available.

Nathan Cunningham
Chief Executive Officer

The Fleurieu Food Festival

The Fleurieu Food Festival returns across the Fleurieu Peninsula throughout August, celebrating the food, wine and agritourism that make this region one of SA's most compelling destinations. The festival spans long lunches, cellar door events, farm tours, paddock-to-plate experiences, markets and hands-on workshops across McLaren Vale,

Victor Harbor, Yankalilla, Strathalbyn and beyond.

The Fleurieu Food Festival is a collaborative, region-wide initiative, bringing together local businesses, tourism operators and industry partners to create a unified campaign that showcases the best of the region.

When the region works together, it attracts more visitors, creates more opportunities and delivers greater impact for everyone involved.

Get in early to book a flavour experience before tickets sell out!

<https://www.fleurieufoodfestival.com/fleurieu-food-festival>

Fleurieu Food Festival

Program Out Now

Fleurieu Peninsula | August 1 - 31 2026

120+ events - 60+ venues and producers - 4 regions to explore!

Fleurieu Food is the driving force behind the Fleurieu Food Festival — a not-for-profit, member-based organisation that supports the passionate hands that shape our local food culture.

Through events, collaborations and grassroots storytelling, Fleurieu Food celebrates the diverse flavours of our region while connecting community with the people and places behind every bite.

How to stay

Council delivers its news in different formats, and you have the option of receiving it in the best way that suits you!

Pick up a hard copy in Council facilities and various public outlets throughout the District. Alternatively, you can find monthly editions and subscribe to receive it by email, by scanning the QR Code or visiting

If you cannot access our news in any of the above formats, request to have a hard copy posted to you by calling us on 8558 0200 or by emailing council@yankalilla.sa.gov.au

proudly delivered by

The South Australian AI Capability Pilot Program is an initiative of the Government of South Australia's Office for Small and Family Business, delivered as part of the South Australian Small Business Strategy 2023-2030.

AI BUILD DAY

South Australian AI Capability Pilot Program

A practical, Government supported program helping South Australian small and family businesses adopt AI safely, confidently and with real business impacts.

The South Australian AI Capability Pilot Program is an initiative of the Government of South Australia's Office for Small and Family Business, delivered as part of the South Australian Small Business Strategy 2023-2030. The District Council of Yankalilla are thrilled to bring this program to our region.

Don't have time to figure out AI? We'll build with you.

The Complete Program – Your journey includes three phases:

- 1. Build Day (4 hours):** Intensive, hands-on building with our team guiding you every step. You'll leave with shared capability foundations that make your coaching sessions more effective. During the Build Day, you will:
 - Build Your AI Solution
 - Master Prompting
 - Learn the Basics of Safe AI Adoption
 - Map Your Opportunities
- 2. 1:1 Coaching (5 hours):** Post-session support for refinements, troubleshooting, and guidance on broader AI adoption across your business.
- 3. Ongoing Support (6 months):** Access to our Slack community and AI resource hub, so you can ask questions, share wins, and continue learning alongside other program participants.

Register your interest **before 30 June**
for our in-region build day on Wednesday 22 July 2026!

Scan the QR Code to begin.

- Register your interest via a short form (3-4 minutes).
- We will confirm your eligibility & contact you via email.
- Once accepted, finalise your \$150 co-contribution per participant.
- Book in your build day workshop & coaching sessions.
- Additional team members can join — \$175 per person for an AI Build Day, or \$250 per person added into the AI 1:1 Coaching.

Proudly supported by...

District Council of
YANKALILLA

What could the future of meat processing look like on the Fleurieu?

That was the question explored by local producers at a recent information session in Normanville, where Chris Balazs, CEO of Provenir and founder of Australia's first mobile meat abattoir, shared insights into mobile processing models and their potential role in regional communities. The session was supported by the District Council of Yankalilla in partnership with RDA Adelaide Hills, Fleurieu and Kangaroo Island (RDA AHFKI) and Livestock SA.

Close to 40 farmers registered for the Normanville session, with an additional session held on Kangaroo Island. Interest was strong, with producers keen to explore how mobile processing could reduce transport costs, improve animal welfare and meat quality, and create new opportunities to retain value within the region.

Following the information session, representatives from Council, RDA AHFKI and Provenir met with the owner of the former Normanville Meatworks site to explore whether existing infrastructure could play a role in future meat processing opportunities for the region.

Building on work originally initiated by Council's former Agribusiness Officer, Amy Williams, to investigate regional meat process opportunities, the project is now being progressed by RDA AHFKI through a PIRSA Thriving Regions Fund-supported feasibility study. Council's ongoing investment in RDA AHFKI continues to support this work and broader initiatives that strengthen the region's agricultural sector.

DRAFT COMMUNITY ENGAGEMENT POLICY & updated Connecting With Our Community Framework

The community is invited to review and provide feedback on Council's Draft Community Engagement Policy and updated Connecting With Our Community Framework. Together, these documents set out our approach to community engagement. Replacing the long-outdated Public Consultation Policy, the new Policy establishes how Council will meet its legislative obligations and apply the Minister for Local Government's Community Engagement Charter.

Visit www.yoursayyankalilla.com.au/community-engagement-policy to read the Policy or view it at the Council Office at 1 Charles Street, Yankalilla.

1800MEDICARE – supporting patients to the right care, 24/7

1800MEDICARE is a free, national 24/7 health advice service that supports consumers to access the right care when and where they need it. By calling 1800 633 422, patients can speak with a registered nurse who will listen to concerns and assess symptoms using validated clinical decision-support tools and provide evidence-based advice.

Depending on the presentation, callers may be guided to:

- self-care
- a pharmacy
- their regular GP
- a Medicare Urgent Care Clinic
- a virtual care option, or
- emergency services where required.

After hours, some patients may be offered a free GP telehealth consultation if clinically appropriate.

Patients can also access 1800MEDICARE through the website and app. Both options provide clinically verified health information and digital tools such as a symptom checker and medicines information. The app also supports electronic prescriptions and access to an Active Script List. These channels can help patients understand their options and connect with the most appropriate care.

1800MEDICARE provides a simple and easy to use pathway for patients who are unsure about symptom severity, have difficulty accessing timely care, or need guidance at any time of the day across Australia.

The service operates under a rigorous and established clinical

governance framework and supports continuity of care by encouraging follow-up with a patient's usual health provider.

More information about 1800MEDICARE is available at [medicare.gov.au/1800](https://www.medicare.gov.au/1800)

1800MEDICARE is a
free phone service, website and app.

Expert health information and advice,
24 hours, 7 days a week.

Have you got unwanted chemicals?

Chemicals are a very specialised waste item that cannot go in any bin, and FRWA Depots are not equipped and NOT LICENSED by the Environment Protection Authority (EPA) to accept them.

4 EPA-licensed places in South Australia accept chemicals for free disposal:

- **Heathfield:** 32 Scott Creek Road, Heathfield - (08) 8339 4323
- **North Plympton:** 181 Morphet Road, North Plympton - (08) 8295 5790
- **Campbelltown:** 6 Newton Road, Campbelltown - (08) 8366 9222
- **Edinburgh North:** Gate 3, Bellchambers Road, Edinburgh North - (08) 8259 2100

These depots accept:

• Acids and alkalis · Brake fluid and coolants · Cleaning products · Fumigants · Pesticides, herbicides, insecticides · Photographic chemicals · Poisons · Pool chemicals · Solvents, varnishes and stains · Other household chemicals

Further information: www.greenindustries.sa.gov.au/hazwaste

For your safety and the safety of our community and staff, please use these facilities to dispose of your unwanted chemicals.

Please note:

FRWA Yankalilla Depot accepts domestic quantities of cooking and motor oil in sealed containers.

FRWA Goolwa Depot accepts standard paints under the Paint Back Scheme. More details on types of paints accepted: www.paintback.com.au

The Importance of Libraries

Libraries are more than shelves of books—they are vibrant community hubs that support learning, connection, and opportunity for people of all ages.

Providing free access to a wide range of resources, including books, digital media, research databases, and community information.

Libraries are welcoming spaces where people can gather, collaborate, and engage. Events, programs, and shared spaces bring communities together, reducing isolation and building stronger social connections.

This ensures that everyone—regardless of income or background—has the opportunity to learn, explore ideas, and stay informed.
