

# in the loop

L-R School Holiday Science with the fun Professor Flint. Some of the flying saucers, and a bridge made by the children and parents at the Science Expo.

## School Holiday Science Fun at Yankalilla Library

Once again we are thrilled to share the wonderful success of our recent School Holiday Science Fun events at the Yankalilla Library. Throughout the July School Holidays, families gathered at the library to embark on exciting journeys into the world of science, exploration, and creativity. The library was buzzing with excitement as families immersed themselves in the fascinating worlds of Things That Fly and Shadows of the Prehistoric Past, and unleashed their creativity with Pop Stick Creations and a Science Expo.

Children, along with their parents, delved into the art of designing and flying kites, whirly copters and even flying saucers! Our young scientists put their imaginations to work, crafting unique flying objects and then ventured into the park to test their gravity-defying designs.

Our time-travelling adventure, Shadows of the Prehistoric Past, immersed families in a captivating experience with Professor Flint. With his enthralling knowledge of dinosaurs and fossils, Professor Flint kept everyone entertained and amazed with his storytelling and action songs. It was a thrilling journey back in time, exploring the mysteries of the prehistoric era.

During our Pop Stick Creations and Science Expo events, creativity and ingenuity were on full display. Children took on the challenge of building catapults and constructing sturdy bridges using pop sticks, pushing the boundaries of their engineering skills. Their determination and teamwork resulted in some remarkable structures that stood strong.

At the Science Expo, our budding scientists were immersed in various

experiments. From creating tornados in a bottle to crafting blu tack boats that floated, they delved into the captivating world of hands-on science activities. Moreover, the age-old question of "Which spins best, a hard-boiled or raw egg?" was answered through their engaging experiments.

Over the course of the four events, we had a fantastic turnout of 33 families, and a total of 64 children enthusiastically participated in these hands-on science adventures. The library also gave away 40 science-focused activity bags in the first 5 days of the July School Holidays. These bags were thoughtfully designed to inspire curiosity and provide further opportunities for children to engage with science beyond the library. Thank you to all of the families who joined us for these events. Stay tuned for more exciting events and activities at Yankalilla Library!

## MAYOR'S MESSAGE

As Mayor, I'm privileged to connect with a diverse range of people, from government officials to business owners and ratepayers. This month, a different theme emerged—one that allowed me the unique opportunity to spend valuable time with some of the younger members of a community.

Firstly, I had the honour of participating in the Judging for the Mayor's Short Story Challenge for 2023. This collaborative event brings together the District Council of Yankalilla, Alexandrina Council, and the City of Victor Harbor. Since its inception in 2010, the Challenge has celebrated creative writing among school-aged children from reception to year 10. The joy of reading and evaluating the fantastic stories submitted has been a highlight of my first year as Mayor. I look forward to the joint regional presentation at the City of Victor Harbor Library in early

September 2023, where we will unveil the winner.

Equally rewarding was my recent excursion to Yankalilla Area School, where I visited Miss Ray and her year 3-4 class. I received a warm welcome and was asked some very insightful questions about my role as Mayor. It was a pleasure to invite the class to

attend an excursion to the Yankalilla District Council Chambers. To my delight, the students presented me with a bottle of homegrown "Amaroo Farm" Olive Oil—a product of the Yankalilla Area School.

Warm Regards,

**Darryl Houston**  
Mayor

The Mayor's recent excursion to Yankalilla Area School, visiting Miss Ray and her year 3-4 class.

## CEO'S CORNER

The progress of the Normanville Surf Life Saving Club and Café/Kiosk project has been an absolute highlight this month, radiating an electrifying sense of excitement throughout our District. As the construction progresses, the anticipation for this project has been palpable and I must say, it is an extraordinary experience to witness a vision that has been nurtured over many years finally taking shape under the stewardship of our current project team.

The Normanville SLSC members are buzzing with enthusiasm and I am thrilled to see that the majority of my interactions confirm that the broader community shares this sentiment. There is no doubt in my mind that the Normanville Foreshore will become THE Destination (yes, with a capital D!) to be for future summers.

After years of concept planning, discussions, consultation, refinement and process, I am delighted to announce that we have reached a

significant milestone – the selection of a tenant for the Café and Kiosk.

At a Special Meeting of Council (held early in August) Council considered the top two recommendations put forth by the Council-endorsed Recommendation Panel and its commercial real estate agents, Savills. The exceptional credentials, robust financial position, community-oriented approach and reliable risk management strategies of both candidates made them strong contenders for this venture. After high-quality presentations, questioning and careful deliberations, Council has made a decision and we are excited to initiate further discussions with Kenton Day for the commercial lease of the Café and Kiosk spaces.

Moreover, we will also be progressing negotiations with our project partner, the Normanville SLSC over an agreement for their spaces within the building. I would like to recognise

the Club's investment into a building, made in good faith and ahead of any formal lease agreement. This act is a testament to the commitment of a community Club that profoundly and positively impacts our community by ensuring beachgoer safety and by offering invaluable life-saving services.

As tenancy negotiations continue and the building takes its final form, I eagerly await the day when we can warmly welcome both locals and visitors from far and wide to this exciting and iconic gathering point. It will undoubtedly be a space that fosters togetherness, relaxation, and memories to cherish for years to come.

For those interested in detailed information on the tenancy process, I encourage you to visit our website, where you can find all the latest including multiple comprehensive reports.

**Nathan Cunningham**  
Chief Executive Officer

## Community Grants are now Open!

Community groups and not-for-profit organisations are invited to make their project a reality through Council's Community Grants program. Community Grants support projects that build people's skills, connections and wellbeing and increase participation in social and leisure activities.

Mayor Darryl Houston said that community groups were the lifeblood of the region and that grant money

made it possible for many new events and activities to happen. "We're home to so many different groups and people who do great things for our community," he said. "I hope to see a wide range of applications from all over the District that support community-led projects."

The 2023/24 grant program closes Monday 25 September. Eligibility criteria apply.

We encourage you to contact the officer listed in the guidelines to discuss your project before starting your application. Visit the Council website for application forms and more information or phone Council on 8558 0200.

<https://www.yankalilla.sa.gov.au/library-and-community/council-grants/community-grants>

## How to stay

Council delivers its news in different formats, and you have the option of receiving it in the best way that suits you!

Pick up a hard copy in Council facilities and various public outlets throughout the District. Alternatively, you can find monthly editions and subscribe to receive it by email, by scanning the QR Code or visiting [https://bit.ly/dcy\\_intheloop](https://bit.ly/dcy_intheloop)

If you cannot access our news in any of the above formats, request to have

a hard copy posted to you by calling us on 8558 0200 or by emailing [council@yankalilla.sa.gov.au](mailto:council@yankalilla.sa.gov.au)

# FLEURIEU FOOD FESTIVAL

A JOURNEY FOR THE SENSES

AUGUST  
2023

The Fleurieu Food Festival is a journey for the senses across the Fleurieu Peninsula throughout the month of August. The Festival showcases the breadth and depth of food and beverage producers and food businesses in the region.

**There is something for everyone at the Fleurieu Food Festival!**

**BOOK YOUR TICKETS NOW**  
[fleurieufood.com.au/festival](https://fleurieufood.com.au/festival)

# Fire Wise Grant Funding Secured

The Fleurieu Coast Community Nursery (FCCN) is excited to be partnering with Fleurieu Environment Centre (FLEC) to embark on a fantastic new grant project!

The FLEC in partnership with the FCCN has been successful in obtaining funding of \$250,000 to run a Fire Wise project in the Yankalilla and Onkaparinga Local Government Areas (LGAs).

The project is part of the Landscape Resilience program being run by the Foundation for National Parks and Wildlife (FNPW) which was successful in obtaining a grant for \$2,189,377 through the Australian Government's Preparing Australian Communities Program – Local Stream to March 2025. The FNPW Fire Wise program

is being run in 10 LGAs in South Australia, Victoria and New South Wales

The Fire Wise Project will include a series of education events and workshops for our community run by FLEC with the aim of investigating and increasing awareness of fire retardant local native plant species and how they can be used to improve the resiliency of our homes and landscapes in the event of bushfire.

Events held as part of this project will include hands-on seed collecting, plant propagation, revegetation planting and educational seminars. The FCCN will be involved in the development of a seed bank to store local Fire Wise native species, as well as the propagation of plants for

revegetation sites, demonstration gardens in public spaces and living seed banks on public and private land.

We are thrilled at the opportunity to facilitate this project in our region and look forward to raising awareness and providing education about the role fire plays in the local landscape. Some of the key outcomes for this project include increasing the availability of appropriate seed stock in our region and collaborating with other LGA's and First Nations Groups to investigate the use of modern and traditional practices for improving the resiliency of our landscapes to fire.

For more information about this project please contact us via email at [info@flec.com.au](mailto:info@flec.com.au)

Author: Maddie Maguire FLEC

## Did You Know?

### The Fleurieu Coast Community Nursery

The Fleurieu Coast Community Nursery (FCCN) was established in 2018 and has just recently celebrated its 5th birthday! The main function of this project is to grow local native plants for coastal revegetation sites to improve biodiversity and aid species recovery.

The Nursery is located at 1 Kemmiss Hill Road at the side of the Council Depot on land provided by the District Council of Yankalilla. The team of around 15-20 regular volunteers are managed by the Fleurieu Environment Centre (FLEC) and provide the people power to propagate around 40,000 plants each year.

The Nursery has expanded its operations significantly since it's birth, with plants now being grown for projects across the Fleurieu and the nursery infrastructure ever improving thanks to grant funding from the Foundation for National Parks and Wildlife and the continued support and funding from Green Adelaide and the District Council of Yankalilla.

Community nursery volunteer tending to the plants that have been grown.

While the nursery does not sell plants to the public, some are sold at the Fleurieu Environment Centre, so please pop down and check out the stock they have available.

If you are interested in volunteering at the Nursery, please contact [nursery@flec.com.au](mailto:nursery@flec.com.au) to find out more. It is a great opportunity for locals to learn about the environment and gain knowledge about local flora.

Sheoak seedlings that have been propagated.

# Capital Projects Update

We are pleased to provide an update on Council's major projects. We encourage the community to visit our website for a detailed breakdown of the total budget of project expenditure for each project. All information is current as of the time of publishing.

## Normanville SLSC & Café/Kiosk

In the face of adverse weather conditions marked by winter's persistent high winds and frequent rain showers, the Normanville SLSC & Café/Kiosk construction project continues to make substantial progress. The determined construction team has pushed forward and critical tasks are approaching completion, demonstrating their commitment to meeting project milestones and deadlines.

The installation of roofing sheeting and flashing is in its final stages, marking a significant achievement in the project's timeline. With the roofing work completed, external painting has commenced, adding a touch of vibrancy to the building's appearance. The first fix services have been advancing steadily, reaching level 1 of the building. Meanwhile, the wall framing has made substantial headway, with essential components such as windows, sills, and door frames having been delivered to the site and currently being installed.

An essential aspect of the project, the Main Distribution Board and Sub-Boards have been successfully

delivered and installed. In the coming weeks, attention will turn to the installation of separate electricity meters for the SLSC, Café & Kiosk and Council, to be managed by SAPN.

As the project transitions to its next phase, the focus will shift towards installing ductwork and electrical mains services. Additionally, rendering and external cladding are slated to commence in the upcoming weeks, further enhancing the aesthetic and functionality of the building.

The tireless dedication and hard work of the construction team have enabled them to achieve significant milestones, keeping the project on track and within the projected timeframe. Elected Members were given an opportunity to witness the project's advancements during a guided tour led by Max Proud from Partek in late July, providing a firsthand understanding of the progress made.

## Normanville SLSC & Café/Kiosk Tenancy Selection Process and Outcome

In May 2023, the CEO proposed the establishment of a 'Recommendation Panel' to assist the Council in selecting preferred tenants for key commercial spaces. This governance structure was recommended by the Audit & Risk Committee and adopted by Council. Comprising representatives from Savills Real Estate, Mayor Houston, Deputy Mayor Moffat, the CEO, Director Assets and Environment, and independent member Amanda Blair, the Panel undertook the task of reviewing and evaluating submissions to shortlist and provide recommendations to the Council.

Four comprehensive submissions for the Café/Kiosk tenancy were received by the Recommendation Panel in July. Following a thorough review and discussion, the top two candidates were selected and subsequently presented their proposals to the full Council in August. Both candidates displayed a strong vision, community engagement and a commitment to enhancing the site's appeal and quality of offerings.

After careful consideration, Kenton Day (Firkin Burger) emerged as the candidate with the most compelling plan for the tenancy, receiving

unanimous support from the Council. The administration is now authorised to initiate lease discussions for the Café and Kiosk tenancy.

## Leasing Arrangements with Normanville SLSC

The Council also resolved to enter into formal leasing arrangements with the Normanville SLSC on non-commercial terms. A draft lease agreement will be prepared in the coming weeks.

In addition to Council's public consultation policy, Council has a statutory requirement to undertake community consultation where leases or licenses are granted by Council.

## BIG4 Normanville Jetty Holiday Park

The BIG4 Normanville Jetty Holiday Park Cabins Project has reached a significant milestone, with Project Completion Reports being accepted by the grant providers. A Project Completion Letter to formally acknowledge the successful completion of the project has been issued to Council and the associated final payments have been processed.

Future Management Model options were discussed at the 1 August Elected Member Forum. A comprehensive analysis (including financial modelling) by Innoviv Park Services explored different models, emphasising the best ways to ensure optimal outcomes for Council. A report is being prepared for Council consideration to progress a preferred model in the coming months.

The option of 'Sale' of the Site and Business IS NOT being considered as a viable future option and is NOT being pursued.

## Normanville Foreshore

Stage 2 of the Normanville Foreshore upgrade is set to commence in late August, weather permitting. This phase will encompass essential

elements such as the completion of the concrete plaza, stormwater drainage infrastructure, additional irrigated turf in front of the SCLSC & Café/Kiosk and landscaping throughout the area. The project team is coordinating efforts to minimise disruptions to the ongoing Normanville SLSC & Café/Kiosk construction and will provide timely notifications to the community.

Completion of Stage 2 and carpark seal renewal is to align with the opening of the new SLSC & Café/Kiosk.

### **Yankalilla Cultural Centre and Library**

#### **Library Build**

The Yankalilla Cultural Centre and Library project has achieved practical completion for the construction

of the new library building. While critical defects have been addressed within the prescribed period, several outstanding issues remain. The project is currently under a defect liability period until January 2024, with the Builder responsible for completing any necessary rectification work during this time.

#### **Library Carpark**

The construction of the library car park is now complete. Ancillary works are continuing and include paving between the new car park and the facilities within the Youth Park, irrigation and installing replacement table settings, bike racks, and water bubblers. General landscaping and planting (including new street trees) are also occurring to contribute to creating an attractive and well-maintained environment.

### **Rapid Bay Amenities Block**

Discussions with project partner AdBri have led to revised cost estimates for the Rapid Bay Amenities Block project. Unfortunately, these estimates revealed a larger funding shortfall than anticipated. Administration is looking at options for alternate funding streams and future grant opportunities and will report in more detail on the status of this project in the coming months.

## **Dog & Cat Registration Reminder**

As a responsible and caring community, we want to take all reasonable steps to ensure the safety and well-being of our beloved dogs and cats.

We kindly remind all pet owner that in South Australia it is a legal requirement to register your furry friend by 31 August each year.

Registering your dog(s) and/or cat(s) promotes responsible pet ownership and contributes to the overall safety of animals in our community.

In the unfortunate event that your pet goes missing, registered animals have a higher chance of being reunited to their owners.

Registering your pets is quick and easy

1. Visit Dogs and Cats Online
2. Click Register/Renew
3. Follow to prompts

Let's continue to work together making our district a place where pets are cherished, protected and cared for.

A banner for dog and cat registration renewal. It features a purple background with white paw prints. The text "Dog and cat registration" is in white, and "RENEW NOW" is in large, bold, white letters. Below this, a dark purple box contains the text "DOGS AND CATS ONLINE.COM.AU" in white. Underneath, it says "Before 31 August" in white. At the bottom, there are logos for the Dog and Cat Board and the Government of South Australia, along with the text "Dog and Cat Management Board". On the right side, there are images of a black and white dog and a grey and white cat, both wearing collars with tags. A computer mouse is also visible near the dog.

# POISONOUS WILD MUSHROOMS

- > Dangerous wild mushrooms usually appear after the first good autumn rains.
- > They can be found in many places, including bushland, forests, public parks, playgrounds, school ovals, farm paddocks and closer to home in your own garden in lawn, compost, mulch or straw.
- > Keep a close eye on your children and pets when you are outside because mushrooms are easy to reach and can look interesting to eat.
- > People who have lived overseas should be aware that poisonous mushrooms in Australia can look like edible mushrooms found in other countries.
- > Death cap mushrooms are the most dangerous and can cause fatal liver damage. Cooking or peeling doesn't remove the poison. The Death cap grows with oak, hazel, and chestnut trees, but lethal mushrooms can grow anywhere. The only mushrooms safe to eat are ones you buy from a reliable greengrocer or supermarket.
- > If someone accidentally eats a wild mushroom, don't wait for symptoms to start **call the Poisons Information Centre on 13 11 26 and follow their advice.**  
Anyone who becomes ill after eating a wild mushroom should seek urgent medical attention.  
**In an emergency, always call triple zero (000).**

## Symptoms of wild mushroom poisoning include:

- > Violent stomach cramps
- > Abdominal pain
- > Vomiting
- > Nausea
- > Diarrhoea

Symptoms usually start 3-6 hours after eating a mushroom and can last up to 3 days.

The most dangerous mushrooms can have delayed symptoms that can start up to 24 hours after eating.

[www.sahealth.sa.gov.au/mushroompoisoning](http://www.sahealth.sa.gov.au/mushroompoisoning)

# Yabby Net Swap Program

Do you have any 'opera house' style yabby nets? The use of these nets is now banned, but the District Council of Yankalilla are offering to swap your old yabby nets for FREE!

The South Australian Government have banned the use of opera house style yabby nets in all South Australian waters (public and private), effective from 1 July 2023.

The ban aims to help protect native aquatic fauna at risk from the use of the enclosed style nets and bring South Australia in line with the majority of other Australian States. Opera house style nets are a risk to air-breathing aquatic animals such as platypus, freshwater turtles and rakali (native water rats).

The ban will impact both recreational and commercial fishers who are still able to use pyramid nets and drop nets for yabby fishing.

To find out more about Permitted Fishing Gear in South Australian waters visit the Department of

Primary Industries and Regions website: [https://pir.sa.gov.au/recreational\\_fishing/rules/gear\\_bait\\_and\\_berley/permitted\\_fishing\\_gear](https://pir.sa.gov.au/recreational_fishing/rules/gear_bait_and_berley/permitted_fishing_gear)

To help protect native wildlife and support our local recreational fishers, the District Council of Yankalilla are swapping opera house nets for wildlife-friendly yabby nets.

**Where:** Fleurieu Coast Community Nursery, located at 1 Kemmiss Hill Road, Yankalilla

**When:** Monday 4th September and Monday 18th September

**Time:** 12pm and 3.30pm.

**Bookings required** to ensure we have enough nets. Please book via: <https://www.visitfleurieucoast.com.au/yabby-net-swap-program-district-council-of-yankalilla#/events/144375>

\*Limit of 3 nets per person.

For more information please email [community@yankalilla.sa.gov.au](mailto:community@yankalilla.sa.gov.au) or call 8558 0200.

## BUSINESS NETWORKING SAVE THE DATE

**Tuesday 12 September  
5:30pm to 7:00pm**

Don't miss this opportunity to connect with your business community at our next local event.

Save the date and contact us to register your interest.

# Council Decisions

The following will provide a summary of the decisions made at the 15 August 2023 Council Meeting. As always, we encourage you to read the complete agenda and minutes to get the details and a greater understanding of topics at [www.yankalilla.sa.gov.au/council/agenda-and-minutes](http://www.yankalilla.sa.gov.au/council/agenda-and-minutes)

## Mayor's Report

The Mayor's report was received. Mayor Darryl Houston reflected on his visit to Miss Ray and the Year 3-4 class at Yankalilla Area School.

## Reports of Members, Delegates and Working Parties

Cr. Verwey attended the Fleurieu Coast Community Network meeting with Cr. Gibbs and Cr. Moffat.

Cr. Gibbs attended the Friends of Bungala River who were successful in gaining a Land Care and Gallagher Fencing grant for fencing.

## Deputations

Mr Rob Malone addressed Council with regards to Agenda Item 14.3 Electric Vehicle (EV) Charging Stations – Normanville & Myponga.

## Questions on Notice

A question was asked by Cr. Quirke regarding the budget allocation for 'War on Waste'. The question was answered.

Cr. Verwey received an answer to his question regarding Forktree Road.

## Questions without Notice

Questions were asked and answered.

## Motions without Notice

A motion without notice from Mayor Houston was carried, resolving that Council expresses its deepest sympathy for the passing of former DCY Chairperson Grant Mayfield.

A motion without notice from Cr. Rothwell was carried, resolving that the CEO or relevant officer initiate discussions with DIT and recreational fisheries regarding options for recreational fishing on the Cape Jervis Jetty or alternatives.

A motion without notice from Cr. Quirke was carried, resolving that the CEO write to Hon. Leon Bignell, State Member for Mawson in regard to the conversations that have been had between DIT and Council in relation to the Cape Jervis Jetty.

## Reports of Officers

### Asset Management Plans – Stormwater and Transport

Council adopted the revised Transport Infrastructure Asset Management Plan and Stormwater Infrastructure Asset Management Plan.

### Community Land Management Plan – Township Reserves

Council adopted the proposed Community Land Management Plan – Township Reserves.

### Electric Vehicle (EV) Charging Stations – Normanville & Myponga

Council received the Community Engagement Feedback Report and resolved to licence the final site (three carparking spaces within the carpark known as 12 Edwards Avenue, Normanville SA 5204) to the Royal Automobile Association of Australia (RAA) for five years, with a right of renewal for a further 5 years (total licence term of 10 years). The CEO was authorised to execute the licences with the RAA. The CEO (or their delegate) was also authorised by Council to issue a permit to the RAA for the Purpose of Electric Vehicle Charging within Hansen Street, Myponga.

## Normanville New Year's Eve Pageant Road Closures and Restrictions

Council commended the organising committee for returning the Normanville New Years Pageant to the local events calendar. Council resolved to support road closures and restricted access on 31 December 2023.

## Elected Member Information Request Policy

Council resolved that Council's Elected Member Information Request Policy refer to the Local Government Act 1999.

## Annual Report on S270 Internal Review Applications

The report was received and Council noted that in 2022-23 there was one (1) Section 270 (Local Government Act 1999) internal review request received and undertaken.

## Fleurieu Regional Waste Authority Update

The report was received.

## Delegations Update

The report was received and Council resolved to delegate the power to remit any amount payable under S181(8) of the Local Government Act 1999, which includes fines & interest, to the CEO.

## Monthly Finance Report

The report was received.

## Capital Projects Report

The report was received.

## Chief Executive Officer Report

The report was received.

## Council/Committee Minutes

Council received the minutes of both the CEO Performance and Remuneration Review Committee meeting held 11 July 2023 and the Audit and Risk Committee Meeting held on 24 July 2023.

# Meeting dates

**Council meetings** are held on the 3rd Tuesday of each month at 4pm. Council Meetings are held in the Council Chambers, 1 Charles St, Yankalilla.

Agendas are available the Friday prior to the meeting and Minutes are available the Friday after the meeting, both on Council's website.

**Tuesday 19 September 2023**  
**Tuesday 17 October 2023**

**Elected Member Forums** are held on the 1st Tuesday of each month at 3pm. Elected Member Forums are held in a location as determined by the CEO.

Agendas are available the Friday prior to the forum on Council's website.

**Tuesday 5 September 2023**  
**(to be held at the Yankalilla Library)**  
**Tuesday 3 October 2023**  
**(to be held at the Yankalilla Library)**

# Upcoming Agenda Items September 2023

**Annual Report on the work of the Audit & Risk Committee**

**Capital Works Report**

**Fleurieu Regional Waste Authority (FRWA) Update Report**

**Minute Action Report**
