Picnic Time for Teddy bears

Maggi - keen to get into cause and effects up close

Tornadoes were mind-bending for Teagan and Max

School Holiday Events at the Library

Science Expo at the Library

What better way to spend a wintery day than inside, exploring the wonders of science and staying warm and dry?

During the recent school holidays, the Yankalilla Library hosted a hands-on Science Expo that gave a curious

group of young scientists the chance to investigate a range of fascinating experiments in our pop-up lab.

Maggi was eager to explore cause and effect up close, while Teagan and Max were blown away (almost literally!) by the mind-bending world of tornadoes!

Picnic Time for Teddy Bears

What a wonderful celebration of intergenerational love! We spent the morning with our beary best friends, celebrating kindness and empathy with a stalwart of the Library family, Deniece, who presented all participants with a tiny hand knitted teddy.

MAYOR'S MESSAGE

Depot BBQ and WHS Recognition

It was a pleasure to fire up the BBQ alongside Michelle to thank our Depot team for their efforts throughout the year.

The morning was an opportunity to present a WHS Best Practice Merit Award to staff member Megan Nottle (pictured receiving the award), whose work in developing an Accredited Respirator Fit Testing Program was formally recognised with a WHS Best Practice Merit Award 24/25 as part of the 2024–25 Local Government Association awards.

Congratulations to Megan and the entire team for your innovation and commitment to workplace safety.

Lions 40th Handover Dinner – Celebrating Four Decades of Service

I was honoured to attend the Yankalilla & District Lions Club 40th Handover Dinner, reflecting on an incredible legacy of service.

Since its founding in 1985, our local club has been a driving force behind many positive changes in our region. Lions International, with over 1.4 million members worldwide, supports eight key global causes (from childhood cancer to the environment), and the impact is felt locally and globally.

I extend heartfelt thanks to all past and present members for their dedication to our community. Congratulations to outgoing President Lion Russell Boxer and my best wishes to President Elect Lion Peter Filsell and the incoming board for a successful year ahead.

Support for Local Sport – Yankalilla Football Club

I was pleased to provide a letter of support for Yankalilla Football Club's application for a Telstra Footy Country Grant.

Clubs like Yankalilla are more than just sporting teams, they are at the heart of our communities, fostering connection, resilience and local pride. We wish the club every success with their application.

Responding to Drought – LGA Webinar Update

I recently attended the LGA's drought response update, where representatives outlined current efforts to support drought-affected areas.

Hopefully more can be done to assist the sector statewide.

A range of support is available for primary producers and small businesses, including:

- Farm Household Allowance – call the Farmer Assistance Hotline (132 316) or visit Services Australia.
- Rural Financial Counselling Service – call 1300 771 741 for free, confidential and independent counselling.
- Low-cost concessional loans – call 1800 875 675 to see if you are eligible.
- Farm Management Deposits – speak to your accountant for options.
- Tax support – call the ATO (1800 806 218)
- Social support and wellbeing services - Lifeline (13 11 14) or Head to Health

Please visit drought.gov.au for complete details.

Regards,
Darryl Houston
Mayor

How to stay

Council delivers its news in different formats, and you have the option of receiving it in the best way that suits you!

Pick up a hard copy in Council facilities and various public outlets throughout the District. Alternatively, you can find monthly editions and subscribe to receive it by email, by scanning the QR Code or visiting https://bit.ly/dcy_intheloop

If you cannot access our news in any of the above formats, request to have a hard copy posted to you by calling us on 8558 0200 or by emailing council@yankalilla.sa.gov.au

Our district has faced a challenging start to winter, with a series of severe coastal storms in May, late June and again in early July causing widespread damage to our fragile coastal environment and our beach infrastructure along the coastline.

From Myponga to Cape Jervis, these events have had a cumulative effect, undermining infrastructure, accelerating erosion and requiring a coordinated and sustained response from Council staff, contractors and government departments.

Some of the more visible impacts include the closure of the Normanville Jetty, significant damage to foreshore access ramps and stairs and the collapse of a section of the Second Valley Jetty Causeway, cutting off all access to the jetty itself.

Our teams have been working behind the scenes to assess and document this damage, prioritise make-safe works and initiate recovery plans. We're also progressing multiple insurance claims to support long-term repairs to our assets, while liaising with the Department for Infrastructure and Transport (DIT) on their infrastructure (such as the Second Valley Causeway and the Cape Jervis boat ramp) and leased assets such as the Normanville Jetty. Some of this damage is significant and it is sad to see such devastation in our district.

The Second Valley Jetty is a much-loved and frequently visited site by both local residents and visitors, who value its fishing, sightseeing and diving opportunities. The loss of access has caused understandable concern in the community.

We understand and share this frustration and are continuing to work closely with DIT, who have confirmed they are responsible for all repair works and associated costs. DIT has already engaged contractors and will begin tidy-up works shortly. Due to the structure's State Heritage listing, any repair will require a formal development approval process, which will take time. Council will continue to advocate and assist where we can to help ensure safe access is restored as soon as possible.

Another sad outcome has been the further deterioration and loss of significant parts of the Normanville Jetty. Already closed following earlier damage, the most recent storms have washed away the final 10 metres of the structure, which had already been identified for engineering assessment. The jetty is an iconic piece of infrastructure for our region, loved by locals and visitors and we are working hard with DIT to confirm the scope of the repairs and have them commenced.

Council has been working closely with DIT to coordinate next steps. As per our lease agreement, Council is responsible for the first \$18,500 of the repair cost (adjusted for CPI), with DIT covering the remainder of the storm-related repair costs. Council has also confirmed that this contribution can be claimed through our insurer, which we are now pursuing. Engineering inspections will commence shortly (weather permitting) to determine the full extent of damage and develop a plan for repairs and partial reconstruction.

Also at the Normanville Foreshore, Council has moved quickly to secure quotes for repairs to the northern and southern access ramps and has undertaken some works, as guided by marine infrastructure engineers, to minimise further damage while the insurance claim is processed.

We have had to fence and bunt off areas of risk and ask that these exclusion zones be respected for your own safety and to minimise chance of further damage. Across all locations, we are continuing to update assessments to reflect the latest impacts from July's storm activity. Our goal is to restore safe access and protect critical infrastructure wherever possible, while planning for future resilience.

Through all of this, I want to sincerely thank our Council field staff, and our dedicated volunteers from the SES and CFS, who responded quickly to ensure the safety of residents and visitors, often in extremely difficult conditions.

I also want to acknowledge the patience of our community, the hard work of our staff and the collaborative support we've received from our partners at DIT and relevant state government departments.

We'll continue to provide updates through Council meetings, social media, our website and future editions of this newsletter as matters continue to progress. In the meantime, I encourage you to follow signage and closures for your own safety and to reach out to Council if you have any questions.

Nathan Cunningham

Upcoming Change to Your Bin Collection

The District Council of Yankalilla's waste collection schedule is changing

To better serve the region, the bin collection schedule will **swap weeks starting Monday, 28 July 2025**.

While your **collection day will remain the same, the waste streams will swap weeks**.

To ensure a smooth transition, **all three bins** (blue/red, yellow, and green) will be collected during the week of 28 July to 1 August.

After that:

- **Week starting the 4th of August:** Blue and red bins (general waste and exceptional circumstances [EC]) will be collected
- **Week starting the 11th of August:** Yellow and green bins (recycling and FOGO) will be collected
- The schedule will then continue to alternate weekly.

Simon Grenfell, Executive Officer at Fleurieu Regional Waste Authority (FRWA), said: "It's exciting to be able to facilitate this change to provide a more efficient and consistent service to District Council of Yankalilla residents. During recycling weeks, we need double the number of trucks and drivers due to collecting both yellow and green recycling bins. This change allows us to even out the demand for trucks and drivers."

YOUR BIN COLLECTION SCHEDULE IS SWAPPING

To better service the District Council of Yankalilla region, your collection schedule will swap weeks from 28 July. All 3 bins will be collected Monday 28 July to Friday 1 August. The next week will be blue waste to landfill, followed by yellow and green FOGO recycling the following week.

FLEURIEU COAST Community Network

Empowering the Fleurieu Coast Community

The Community Team at the District Council of Yankalilla is dedicated to strengthening the Fleurieu Coast by building on the incredible skills, knowledge and assets within our community. Through the Fleurieu Coast Community Network (FCCN), we foster collaboration among local organisations and leaders to improve communication, support wellbeing, and drive community-led action.

We encourage all community members, whether involved in a club or not, to seek support from our Community Team with any ideas that would benefit our community. Follow our Facebook page Fleurieu Coast Community Network, to keep up to date with current events and projects that we have.

We can provide information on grant opportunities, promote your local events, inform you about available

services, or add you to our mailing list to keep you updated on upcoming community events. Additionally, we would love to be included on your mailing list to receive minutes from meetings and stay informed about your club's activities within the community. We are happy to attend any progress association meetings or general meetings.

FREE Cat Desexing

The District Council of Yankalilla, with funding support from the Dog and Cat Management Board, has partnered with the National Desexing Network (NDN) and Yankalilla Veterinary Clinic to offer FREE cat desexing to eligible residents.

This initiative aims to reduce the number of unwanted cats and support responsible pet ownership in the community.

-  District Council of Yankalilla residents only.
-  No cost to you - male and female cats desexed completely free under the program.
-  Available while funds last.

Dog and Cat Registrations are Due by 31 August 2025

Pet registration helps support animal services, promotes community safety and gives your furry friends the best chance of being reunited with you if they ever go missing.

To register or renew before the 31 August 2025:

- Visit**
www.dogsandcatsonline.com.au
- Click Register/ renew**
- Follow to prompts**

Or call our customer experience team on 8558 0200 if you need any assistance.

Please also take a moment to check that your contact details are up to date in the system. If you've moved house, changed your phone number or now hold a concession card, updating your details can ensure you receive important information – and may even qualify you for a discounted registration fee.

If your pets have been rehomed or sadly passed away, please update their status in Dogs and Cats Online to avoid receiving future reminders.

Thank you for helping us keep our pets and our community safe and well cared for!

Food Safety

With the Environmental
Health Officer

Power outages

Storms can leave you without electricity for your fridge, gas for cooking and water for cleaning and also expose your food to contaminants. Be prepared with this emergency food safety advice.

When the power goes off

Modern refrigeration systems maintain food at safe temperatures. This helps reduce the growth of bacteria on your food which can lead to food poisoning. When there is a power outage you need to take extra measures to reduce the risk of food-related illness.

It is important to record the time the power went off. When a power cut is ongoing (that is, it lasts for more than 4 hours and there is no immediate likelihood of reconnection) food safety becomes an important issue.

Unless cold storage is available within 2 hours of a power cut, all potentially hazardous foods such as meat, poultry, seafood and ready-to-eat perishable food that are stored in refrigerators need to be:

- placed in alternative cold storage, for example coolers with ice or ice bricks, or into the fridges of family and friend's
- eaten immediately
- if you have a fridge thermometer and have recorded the time the power went off, eaten immediately or thrown away if the temperature rises to above 5 degrees for over 2 hours
- if you don't have a fridge thermometer and another cold storage area is not immediately available after 2 hours, potentially hazardous food needs to be thrown away.

Time and temperature are the most important measurements used to determine whether food needs to be regarded as potentially unsafe.

The '4 hour/2 hour rule' for safe storage of food

The following actions are recommended for any potentially hazardous food that has been at temperatures between 5 °C and 60 °C for a total of:

- less than 2 hours – refrigerate or use immediately
- longer than 2 hours but less than 4 hours – use immediately
- 4 hours or longer – must be thrown out.

Make a note of the time the power went off. If available, use a watch and a thermometer to follow these time and temperature recommendations. Eat perishable foods first and save the dried and canned food until last.

The advice offered here refers to any or all potentially hazardous food except those normally kept at room temperature or jams, pickles and other acid foods.

Important note: If you are unsure about the time that has passed or the temperature your food has been stored at then throwing the food out is the safest option.

Planned power cuts

The day or night before power is cut off, prepare in advance to store your food safely:

- If possible, try to organise alternative refrigerated storage in advance, for example with relatives, friends or neighbours.
- Avoid buying food that needs to be frozen or refrigerated until after the power is restored

- Adjust the refrigerator to its coldest setting and remove fresh fruit and vegetables to prevent them being damaged. These items can be stored at room temperature
- Set your freezer to its coldest setting
- Place ice bricks, or freeze large blocks of ice, in the freezer for later use
- If you can, freeze some of the items from your fridge for later use. This is a very safe option and is best done well before the power cut

Sudden or unplanned power cuts

A sudden or unplanned power cut will not allow much time for you to safely store your food. Your food will remain safe in your refrigerator for 2 hours but there are some steps you can take:

- If you have sufficient space in the freezer, after 2 hours you should remove foods from the fridge and place them in the freezer or esky with ice bricks.
- Do not open the freezer door unless necessary, as this will reduce the time the contents will remain frozen.
- If your freezer is efficient, and its door seals are in good condition, it can maintain foods in a frozen state for between 1 and 2 days.
- Relatives, friends or neighbours may be able to provide alternative storage.

During power cuts

Food stored in refrigerators

Your food will remain safe in your refrigerator for 2 hours. If it has been more than 4 hours, throw the food out. Don't open the fridge door during the power cut, unless necessary.

The best option is to keep the refrigerated foods as cold as possible by not opening the door unless necessary to remove food to eat or check the temperature after 2 hours. or place items in the freezer.

Food stored in freezers

Freezers that are in good condition and operate at minus 18°C or below can keep foods at safe temperatures for between 1 and 2 days. If the freezer door is kept shut, a full freezer can keep food chilled for up to 48 hours, while a half full freezer can be kept food chilled for 24 hours.

It is important that the doors of freezers are not opened unless necessary. Opening and closing the doors will reduce the time the contents will remain at safe temperatures.

Foods that have partly defrosted or defrosted but remain very cold (5 °C or less) can be refrozen. Remember that some food types, for example ice cream which will thaw other foods defrost. Although there is no safety issue, some foods become icy or their texture will be damaged when refrozen and may not be usable after defrosting and refreezing.

Food in the process of being cooked

Throw out food that was being **cooked** when the power failed if cooking cannot be completed properly within 2 hours. If food is already properly cooked, eat it within 2 hours or throw it out.

Young people across the Yankalilla district are invited to get involved in an exciting range of free after-school and holiday activities this term as part of the **Yank Youth Program**.

Delivered by **Reclink Australia** in partnership with the **District Council of Yankalilla**, the program is designed for young people aged **12–18** and offers a fun, inclusive and youth-led space to connect, create, explore and play - under the guidance of experienced youth workers and community mentors.

Whether you're into art, sport, gaming or the great outdoors, there's something for everyone in this term's lineup!

Yank Youth Program Returns with Action-Packed Term 3 Lineup!

Program Details

When: Wednesdays from July 23 to September 24

Where: Various locations across the Yankalilla district

Cost: Absolutely free!

Bonus: Most sessions include food, equipment, and good times.

What's on this term:

Magic: The Gathering – Card Clash Nights
July 23, August 20, September 17

New and experienced players welcome! Battle it out in casual matches or mini tournaments. Cards supplied.

JULY

The Great Geocache Chase
July 30

Race your way through town in this Amazing Race-style treasure hunt.

AUGUST

YAC Hangout – Hot Dogs & Milkshakes Night
August 6

Join the Youth Advisory Committee for food, fun, and youth-led planning sessions.

United Districts Basketball Clinic
August 11–13

No experience needed—just turn up ready to shoot hoops and enjoy the music and vibes.

Treasure Hunt @ Ingalalla Falls
August 27

Adventure into nature with a scavenger-style hike through one of the region's most beautiful bushland areas.

SEPTEMBER

YAC Maker Night – DIY Father's Day Gifts

September 3

Get creative and craft a handmade gift—we'll provide all the materials.

Fishing Trip to Rapid Bay

September 10

Relax by the water with rods, bait, and beachside energy—ideal for beginners and seasoned fishers alike.

Learn to Draw Cartoons & Illustrations with JS Creatives

September 24

Bring your ideas to life with local artist Jack from JS Creatives in this hands-on creative workshop.

Assets & Environment Update

Welcome to the July edition of the *Assets & Environment Update*, where we share highlights from recent projects and works across the district. This monthly update includes progress on roads, bridges, footpaths and our ongoing response to coastal storm damage.

We encourage you to read the July Assets & Environment Update Report presented to Council for more detailed information.

Road Program Highlights

Council's 2024–25 Sealed and Unsealed Road Programs are now complete, delivering key upgrades and maintenance works across the district. Planning is now underway for the 2025–26 programs.

Range Road Parawa – SLRP Project

Stage 2 of the *Special Local Roads Project* on Range Road Parawa is now finished. This stage included an additional 440 metres of road and shoulder resealing and its completion satisfies the grant funding requirements under the Special Local Roads Program.

Forktree Road/Myponga Beach Road Slip Lane

Following delays to the Blacker Road Bridge project, this shovel-ready project was brought forward and completed in June 2025. It was fully funded under the Local Roads and Community Infrastructure grant program and delivers improved safety and functionality at this key junction.

Bridge Projects and Maintenance

Blacker Road Bridge

A redesigned, more cost-effective plan has now been completed. The project will be considered as part of the 2026–27 budget process.

Myponga Beach Bridge

Maintenance works are scheduled to commence once specialist materials arrive. A works program is currently being finalised following an earlier site inspection.

Finniss Vale Drive

Design work for stormwater and road upgrades at *Finniss Vale Drive, Second Valley* is now complete. This project is a regionally endorsed priority and is eligible for two-thirds grant funding under the 2025–26 Special Local Roads Program. Council's estimated contribution is \$267,000.

Footpath Renewal Program

The 2024–25 footpath renewal program has been completed, with planning now underway for the 2025–26 program.

Township Sealing Works

Designs for road, kerb and stormwater improvements have been finalised for:

- Petrel Close
- Gulf Close
- Burnard Street

These plans will guide future works to improve road conditions and manage stormwater.

Range Road, Parawa – SLRP Project

Forktree Road, Myponga Beach road slip lane project.

Footpath renewal program

Normanville foreshore retaining wall

Normanville foreshore retaining wall sand shaping

Normanville Jetty

Normanville foreshore

Myponga Beach stairs

Second Valley Causeway

Coastal Storm Damage Update

Council's coastal areas were impacted by additional storm events in late June and again between 8–10 July. These followed earlier damage in May and have caused further erosion and infrastructure damage at several coastal locations, including Normanville, Carrickalinga, Second Valley, Myponga Beach and Cape Jervis.

Council officers are updating assessments to reflect the new damage, continuing to undertake minor repair and make-safe works and working with government departments and insurers where applicable.

Key locations affected include:

- **Normanville Jetty:** Remains closed following further severe damage to the final 10-metre section. Council is coordinating with the Department for Infrastructure and Transport (DIT) on the repair process. Engineering inspections will begin shortly, weather permitting. Signs have been installed to ensure that the public do not access the jetty

and additional signage and bunting is being arranged to discourage people from walking underneath it.

- **Normanville Foreshore Stairs:** Both the northern and southern stairways remain closed. Quotes for repairs have been received and are under review and Council has been advised that it will be eligible to submit a claim on the basis that the storm was a significant storm event. A subsequent claim will be made in due course.
- **Normanville Surf Life Saving Club Retaining Wall:** The movement and shaping of sand to create sandbanks was carried out to help reduce the risk of further damage where the wall had been partially exposed and undermined. These are short-term measures supported by the Coast Protection Board.
- **Carrickalinga:** There has been further structural damage to Council infrastructure in this location, including damage to fences protecting the sand dunes. The erosion of the sand dunes has increased.

- **Second Valley Causeway:** The causeway and Jetty are closed due to a partial collapse of the causeway. DIT have commenced clean-up works whilst waiting for the necessary approvals for replacement works to commence.
- **Myponga Beach:** Stair access remains closed with further damage recorded. The fencing and access path have also been undermined.
- **Cape Jervis:** Council is working with DIT to assess and clean up debris from boat ramps and the pontoon area.

Council staff continue to assess damage and prioritise recovery works. Engineers are being engaged, grant funding agreements are being reviewed and conversations with state government departments are ongoing.

We'll continue to provide updates in future newsletters and on Council's website and Facebook page as work progresses.

Council Decisions

The following will provide a summary of the decisions made at the 15 July 2025 Ordinary Council Meeting.

As always, we encourage you to read the complete agenda and minutes to get the details and a greater understanding of topics at www.yankalilla.sa.gov.au/council/agenda-and-minutes

Mayor's Report

The Mayor's Report was received. This month the Mayor discussed DCY winning a WHS Best Practice Merit Award for 2024/25, his attendance at a Drought Response webinar and provided a list of Drought Support from the Australian Government. He also discussed his attendance at the Lions 40th Handover Dinner, with congratulations to President Elect – Lion Peter Filsell.

Reports of Members, Delegates and Working Parties

There were no reports of Members, Delegates and Working Parties in July.

Deputations

Ms Sondra Stewart (Regional Tourism Manager) & Mr Matthew Hurley (Chair) from the Fleurieu Peninsula Tourism Board presented to members regarding Agenda Item 14.5 Fleurieu Peninsula Tourism Agreement.

Ms Bronwyn Lewis and Ms Lorraine Felix on behalf of the Friends of the Yankalilla / Normanville Dog Park Committee addressed members regarding Agenda Item 14.2 Proposed Bungala Reserve Dog Park – Agreement Report.

Following the deputations, the Mayor sought and was granted leave of the meeting to change the order of proceedings to consider Agenda Items 14.2 Proposed Bungala Reserve Dog Park – Agreement Report & 14.5 Fleurieu Peninsula Tourism Agreement whilst the interested parties were present.

Proposed Bungala Reserve Dog Park – Agreement Report

The motion moved by Cr Gibbs to progress the Proposed Bungala Reserve Dog Park by entering into an in-principle MoU with the Friends of Normanville/ Yankalilla Dog Park Committee was carried.

Fleurieu Peninsula Tourism Agreement

Cr Olsson moved the motion to endorse the partnership agreement with Fleurieu Peninsula Tourism in partnership with Alexandrina Council, City of Onkaparinga and City of Victor Harbor for a two-year period. This motion was carried.

Questions on Notice

Cr Quirke asked questions regarding Representative Attendance Costs for Seminars and Conferences. These questions were answered and included in the minutes.

Cr Quirke asked questions regarding Representative Attendance Costs for Training. These questions were answered and included in the minutes.

Cr Hatch asked questions relating to the Lease Agreement for the Normanville Jetty. The questions were answered and included in the minutes.

Questions without Notice

Questions were asked and answered.

Cr Olsson moved a motion to have his Question without Notice and the response regarding the Second Valley Heritage Jetty Causeway included in the minutes. The motion was carried unanimously and you can read the question & answer in full in the minutes.

Motions on Notice

Cr Hatch moved a motion regarding the Recording of Council Meetings. The motion was carried and requests that Council initiates and establishes the process of producing audio or audio/visual recordings of all Ordinary and Special Council Meetings by the end of this financial year.

Cr Gibbs moved a motion requesting that Administration action an internal review of the current footpath along the western side of Williss Drive between Hobart Road and the Beachside Caravan Park in Normanville. This motion was carried unanimously.

Cr Hatch moved a motion relating to a Financial Sustainability Focus for the 2025-26 Financial Year. Cr Olsson sought and was granted leave of meeting to vary the motion slightly. The motion varied motion was carried.

Reports of Officers

Quarterly Review of Confidential Items – July 2025

Council received the report and noted the updated Register of Confidential Items.

Establishment of a Service Review Working Group

Council endorsed the formation of a Service Review Working Group and appointed Cr Gibbs, Cr Hatch, Cr Grocke and Mayor Houston as the members of the Working Group. This was carried unanimously.

Road Name Change – Cheeseman Street Normanville to Cheesman Street

The motion to correct the street name from Cheeseman Street to Cheesman Street was carried unanimously.

Monthly Finance Reports

Council unanimously resolved to receive the report on the June 2025 Monthly Finance Reports.

Assets and Environment Update – July 2025

Cr Gibbs moved the motion to receive the Assets & Environment Update. This was carried unanimously.

Economy and Community Update

Cr Olsson moved the first monthly Economy and Community Update provided to Council. This motion was carried unanimously.

Chief Executive Officer Report

The motion to receive the Chief Executive Officer Report was carried unanimously.

Minute Action Report

The Minute Action Report was received by Council and the Action list noted.

Regional Subsidiaries and other Organisations/Entities

FRWA Board Update July 2025

Council carried a motion to receive the Fleurieu Regional Waste Authority (FRWA) Update July 2025.

Confidential Items

There were no Confidential Items heard at the July Meeting.

Meeting dates

Meeting Schedule: Members of the public are welcome to attend Council and Committee Meetings. To help the community plan ahead, a full year meeting schedule for Council & Committee Meetings and Information & Briefing Sessions is available on our website www.yankalilla.sa.gov.au/council/meetings-schedule and is updated regularly with additional dates, location changes and other information as necessary.

Council meetings are held on the third Tuesday of each month at 4 pm in the Council Chambers, 1 Charles St, Yankalilla.

Agendas are available the Friday before the meeting and Minutes are available the Friday after the meeting, both on Council's website.

Tuesday, 19 August 2025

Tuesday, 16 September 2025

Elected Member Information

& Briefing Sessions are held on the first Tuesday of each month at 3 pm in a location determined by the CEO. Please check the agenda for location details.

Agendas are available on the Friday before the session on Council's website.

Tuesday, 5 August 2025

(Cape Jervis Community Club)

Tuesday, 2 September 2025
