

DISTRICT COUNCIL OF YANKALILLA

JULY 2020

in the loop

Council backs the Myponga Music Festival to return!

It's been almost 50 years since South Australia's first three-day outdoor music event, The Myponga Music Festival took place in Myponga in 1971.

The legendary event was headlined by Black Sabbath with Daddy Cool, Fraternity (featuring Bon Scott), Billy Thorpe, Doug Parkinson, Moonshine Jug and String Band (later known as The Angels), and Spectrum and Chain, among others playing live in the paddock at Myponga.

To celebrate the 50th Anniversary of the event Myponga Music Festival 2021 organisers, Adelaide Live Events, Mr Henry and Victor Marshall from

Grape Organisation, Rob Pippan Productions and Scott Rich, Little Heroes Foundation are planning an event on Saturday 30 January 2021. Well-known and up-and-coming artists will be brought together to

play in the Fleurieu Milk Company paddock in Myponga. It is hoped the event will attract a crowd of around 3,000 people.

At the June Council meeting, Council voted unanimously to approve a \$30,000 loan, to be paid off within 12 months, to kick start the 50th Anniversary festival. The organisers and Councillors see the event as an opportunity to stimulate the local economy and support the live music industry that has been severely affected by COVID-19. It will be a fantastic event to showcase our region and honor the fabled 1971 event.

District Council of
YANKALILLA

CEO's Corner

Ask the CEO (Nigel Morris)

Q: Where are we up to with the rebuild of the Normanville Surf Life Saving Club?

A: Council is currently investigating five options for the rebuild, including renovating of the existing building. Investigations include structural reports of existing building, erosion and coastal reports to determine how far from the water it needs to be and discussions with both the Surf Club and Kiosk leaseholder. A further report is likely to be presented to the August 2020 meeting of Council for Council consideration, prior to public consultation.

Q: Is it true that the General Manager, Customer and Community Services left Council and are you going to replace this role?

A: This is correct, Gemma Russell left Council as at 30 June 2020. I will not be replacing this role but will be presenting a report to Council at the August meeting recommending that an organisation restructure be performed internally and that the departments be divided up amongst existing staff members.

Q: What is happening with the lifting of the ban on Genetically Modified crops? (GM crops)

A: The ban on growing Genetically Modified (GM) crops under the Genetically Modified Crops Management Act 2004 (SA) in South Australia has been lifted, however Councils are being given the opportunity to make a request to the Minister for Primary Industries, Tim Whetstone, to designate their Council as a non-GM crop area. Council will consult with the community in July and August before providing the Minister with our decision prior to the deadline of 30 September 2020.

Q: Why are you a "blow in" CEO (don't live in the district)?

A: A rather personal question but one I am happy to answer in full in the next edition.

Mayor's Corner

In May we heard from the Premier of local travel and social distancing restrictions being lifted with the potential of some normality coming back into our lives and isn't it great to be able to visit friends and family, have social interaction, play some sport, dine out and work back in the office atmosphere. I have seen and heard the glee, happiness to be doing these things we took for granted 12 months ago.

Where to now? There are still many uncertainties with the threat of a second wave of COVID-19, I am thankful to the Marshall Government for the excellent way they have handled this whole situation, for now we are relatively safe.

The chat around our community sounds as though we have been more fortunate than some because we are a destination in our state, we have seen many people visit and explore our district with the June long weekend being as busy as any Easter pre COVID-19. Sadly, for the grey nomad community they couldn't escape to the warmer climate over winter, I do hope you are keeping warm, there is the positive that you are helping the businesses get back on their feet.

At the June Council meeting the 2020/21 Annual Business Plan and Budget was approved with a small percentage increase in rates but because of the Valuer General's land assessments and growth the rate in the dollar has decreased. The Library extension was approved with variations and a timeline for it to proceed. The consulted capital items are still in with conditions. Businesses in hardship have a line of support.

The Chief Executive and I are working hard meeting with the State and Federal politicians discussing the community needs asking for assistance, a partnership to provide the services and attractions this district needs as part of the State's economic benefits. I will keep you informed as I want you to be a part of the discussion, you are the voters and the politicians need to know that we are here and have needs.

Keep well and watch out for complacency, it could be our undoing.

**Mayor
Glen Rowlands**

Reminder

Dog & Cat Registration Renewals due by 31 August 2020
www.dogsandcatsonline.com.au

How to do business with Council

Council voted at its April meeting to increase the weighting for local suppliers and contractors from the current 5% weighting to 20%, when evaluating tenders and quotes and that any Council financial contributions to external projects

stipulate the requirement for a focus on employing locals.

To find more about working with Council or to register to become a prequalified contractor visit www.yankalilla.sa.gov.au/doingbusinesswithcouncil

Old Normanville Service Station Site Update

We are pleased that 81-83 Andrew Avenue has now been fully cleared and the demolition company were able to recycle a large amount of material. The underground tanks were removed and disposed of by Adelaide Fuel Distributors under the direction of the Environment Protection Authority.

The good news is the tanks came out dry and in good condition. Soil samples were sent off to Melbourne for independent testing and the results have come back better than expected. Approval has now been given to complete the remediation of the site and refill the holes which will be completed in July. Council has worked with the Environment Protection Authority to ensure due process was followed during this project.

Temporary fencing will remain in place until the turf is laid in spring. The site will be turned into a green space until the community is consulted about the long-term future of the site.

Fact or Fiction

Council set speed limits

Fiction

Speed limits throughout South Australia are set by the State Government Department of Planning, Transport and Infrastructure (DPTI). Council can provide feedback and recommendations on the speed limits but the decision is ultimately up to the State Government.

...

Council is going to either rebuild the Normanville Kiosk underground in the Sand Dunes or at the end of the Normanville Jetty with an underwater viewing window or remove it completely.

Surprisingly Fiction

Council is currently investigating options for the rebuilding of the Normanville Surf Life Saving, including options that may involve the Kiosk. The results of the investigations will be returned to the Council for further consideration prior to consultation with the community. No options currently being investigated include the Kiosk going underground or water. Council understands the importance of the Normanville Kiosk to the foreshore and there has been no discussion of removing it. The current leaseholder has the right to extend their lease through to midnight 31 December 2026 (another six years).

...

At a Council meeting, the CEO is not permitted to speak unless the Mayor asks him to.

Fact

At Council meetings, the CEO is not a decision maker, this is the role of Elected Members. It is the Administrations role to present reports to Council to enable the Elected Members to consider and resolve the decisions. It is the role of the CEO to enact the decisions from Council once made. The CEO does not contribute to the debate on the matter but can be called upon by the Mayor to answer any questions or provide clarification on a matter if requested.

Keep those rumours coming to allow clarification to be made.

Council Decisions

The following will provide a summary of the June 2020 Council Meeting decisions. As always we encourage you to read the complete agenda and minutes to get details and a greater understanding of topics at www.yankalilla.sa.gov.au/council/agenda-and-minutes

Petition – Normanville Surf Life Saving Club

A petition was received to not move the Normanville Surf Life Saving Club to the carpark location and to “re-evaluate the location of the new surf club”. Council had, since the petition commenced (7 April), taken the carpark option off the table (28 April) and had commenced investigating additional locations.

At the commencement of the petition, 7 April 2020, Council had at the 17 March 2020 Council meeting provided in-principle support for the rebuilding of the Normanville Surf Life Saving Club in a location within the existing foreshore carpark, south of the Normanville Jetty (Full resolution - C20052).

At the 21 April 2020 meeting of Council following Community (including the petition) and Elected Member feedback, an additional five options for the Normanville Surf Life Saving Club was presented to Council and Council resolved to consider all six options (Full resolution – C20073).

At the 28 April 2020 special meeting of Council the 17 March 2020 resolution was rescinded, effectively taking the support for the rebuilding of the Normanville Surf Life Saving Club in the carpark off the table (as called for in the petition). (Full resolution – C20079)

With the removal of the carpark option the following remaining five options are currently being investigated:

1. Do nothing, keep as is or renovate.
2. Rebuild the Surf Club in the existing position.
3. Rebuild the combined Surf Club and Kiosk in the existing position.

4. Rebuild the combined Surf Club and Kiosk in the existing location but in the reduced footprint outside of the Heritage Dunes.
5. Rebuild the Surf Club in the existing location, outside of the Heritage Dunes and over the existing Kiosk footprint and move the Kiosk the southern end of the carpark.

Administration is currently waiting for erosion and coastal reports to see if the existing site can be utilised and will be tabling a structural report to see if renovation is an option.

Motions on Notice

Normanville Foreshore and the Jetty Caravan Park Master Plans

It was resolved that Council commence planning of the Normanville Foreshore and the Jetty Caravan Park Master Plans, with the aim to adopt finalised plans (following community consultation) at the December 2020 Council meeting.

Myponga Music Festival 2021

It was resolved that Council support the Myponga Music Festival 50-year celebrations with the 2021 Myponga Music Festival on 30 January 2021 and that Council provides an interest free loan of \$30,000 to the organising committee of the Myponga Music Festival 2021 for a period of 12 months to aid with the seed funding of the event.

Motion Without Notice

Rapid Bay Campground

It was resolved that Council write to the Rapid Bay Campground Managers, requesting feedback on when the campgrounds will be reopened and requesting that the cleaning of the Rapid Bay Toilets recommence immediately.

Reports

CEO – Report – Second Valley Hall

It was agreed that the reporting requirements of the Second Valley Hall be extended to 31 August 2020.

CEO Report – Departure of General Manager and Staffing Report

Council acknowledge the departure of Gemma Russell, General Manager Customer and Community Services

at the end of the financial year and thank her valuable contribution and influence to the District Council of Yankalilla over the past four years.

It was resolved that a report be provided to Council detailing a proposed revised organisation structure, full-time equivalent (FTE) count, salary and wages costs and an ongoing monthly reporting methodology for FTE counts and costs.

Tracks and Trails Investment and Funding Opportunities

Federal funding of \$245,369 was provided to Council for new or brought forward projects. Council agreed these funds would be utilised for walking and cycling trails. A shortlist of priority trails, including a Food, Wine and Ale Trail would be provided to a future meeting of Council.

Fleurieu Regional Waste Authority (FRWA) Budget

Council agreed to the budget of our waste provider (FRWA a subsidiary of Council, along with Alexandrina, Victor Harbor, and Kangaroo Island). Council contribute approximately \$920,000 to deliver waste services and the budget this year was an increase of just over \$5,000 than last year. The increase has been kept to a minimum with greater diversion away from landfill being achieved through recycling and green bins.

Offer from Crown Lands for the Purchase of Section 430 Jetty Road

Council agreed to purchase, from the State Government, Section 430 on Jetty Road for \$106,997. Section 430 currently includes a portion of the Normanville Tennis Club courts, portion of the caravan park, a bit of the Surf Club and a portion of the basin.

Meeting dates

Council meetings are held the 3rd Tuesday of each month and Agendas are available on Council's website on the Friday prior to the meeting.

Tuesday 21 July 2020

Tuesday 18 August 2020

Licences-Leases Public Conveniences

Council resolved to establish and enter into the following license/ground lease arrangements to formalise arrangements for the use of the following toilets:

- Yankalilla Memorial Park Inc. Yankalilla Memorial Park - "Lease"
- Yankalilla Memorial Park Inc Yankalilla Township location - "Ground Lease"
- Inman Valley Memorial Hall Inc. Inman Valley – "Ground Lease"
- Parawa Progress Association Inc. Parawa - "Lease"

Third Quarter Budget Review

Council resolved to make adjustments to the current 2019/20 budget. These adjustments allowed an improvement on the operating deficit of \$128,455.

Treasury Matters

Council took up the opportunity of securing new banking facilities with the Local Government Finance Authority that allows Council to borrow funds fixed at 1.45% interest for an initial three years.

Council also opened a new transaction account with Bank SA following the closure of the local ANZ bank. This account will allow the depositing of cash locally.

Southern and Hills Local Government Association (S&HLGA)

Council as a member Council of S&HLGA approved their 2020/21 budget.

Confidential Items Review

Council sometimes needs to go into confidence to consider matters without the public in attendance. Council regularly checks to see if items can come out of confidence. At the June meeting Council decided to no longer keep in confidence reports on options to purchase the Myponga Service Station Site from

June 2018, a CWMS presentation from July 2018 (except the transfer price), a report on General Ledger Reforms and the Selection of External Audit Services (except prices and scores).

Adoption of the 2020/21 Annual Business Plan and Budget

Following the consultation period, Council considered all the feedback and after making a few changes adopted the budget for the next year. A full summary is available on-line along with the complete Annual Business Plan and Budget document Highlights include:

Rates

The rate in the dollar to be applied to property valuations was decreased from the previous financial year. This means those properties that did not go up in value will have a reduced rates amount from the previous year. Overall the average rate increase will be 1.05% (less than inflation).

New Library Project

The Library project was budgeted for \$2,200,000, this was made up of \$1,767,000 for the building and \$443,593 for the associated carpark and stormwater component. Council resolved to reduce the budget for the Library Project from \$2.2M to \$1.3M and to only provide half the funding for the new Library building with Council continuing to pursue funding opportunities for the other half of the building until December 2020. If grant funding is not obtained for the Building component, Council will consider building a lesser sized building that fits within the remaining allocated budget. Council resolved to go ahead with the carpark and stormwater components of the project, even if grant funding is not obtained.

Normanville Surf Life Saving Club

Council agreed that funding for the Club would remain in the budget pending a further report on the five options for the rebuild as discussed in the CEO Corner.

Rates Relief

Council, following consultation, resolved to allocate up to \$65,000 to provide support to businesses through the current COVID-19 economic downturn. More information will be provided on how to obtain this funding at a later date.

Building Maintenance Project

Council resolved to add an additional \$100,000 to building maintenance projects including reroofing Jetty Caravan Park residence and office, Second Valley Hall – roofing and gutters and the refurbishment of the toilets at Edwards Avenue Normanville (behind 81-83 Andrew Avenue, the site of the old Petrol Station). Council would like to hear from any local contractors that would like to be included in tendering for these or any other work with Council. Council has a strong preference for utilising local businesses where possible.

A full copy of the Council resolution and the Mayor's speech on the budget is found in the Council minutes with the link provided earlier.

The meeting closed at 6.38pm

Upcoming agenda items July 2020

Tracks & Trails get \$245,369 funding boost

Development is nearing completion for a Tracks and Trails Strategic Action Plan, which will articulate previously identified trail development proposals, determine other opportunities (including those identified during the recent whole-of-district 2030 Strategic Plan consultation) and direct the implementation of trail development over the next five (5) years.

Council has received Federal Government - Local Roads & Community Infrastructure funding of \$245,369 and will seek additional grants to leverage this base funding to position our district as a premier nature-based trails destination with the potential to attract state and national trail events.

A detailed report will be presented to the July Council Meeting.

Cape Jervis Coastal Display Garden

The Cape Jervis Coastal Community Group in partnership with Council, Coast Protection Board, Normanville Natural Resource Centre, NRM and the Cape Jervis Progress Association have created a coastal display garden near the Sealink terminal at Cape Jervis. They recently installed two

nature play carved gum nuts styled after the locally rare Kingscote Mallee, Eucalyptus Rugosa and 30 signs highlighting the locally 'rare', 'vulnerable' and 'endangered' plants growing in the display garden. Next time you are down the Cape check it out, learn and enjoy.

Community Welfare Support

COVID-19 really became a reality for our community in the middle of March 2020.

Club Fleurieu, partnering with TJ Marks from the '21 Junk Street Van', and supported by Council's Community Outreach Program, rallied to gather support for our community. A support phone line as formed, and the group arranged with Yankalilla Foodland to assist with deliveries to vulnerable residents and worked with Terry White Chemist Normanville to establish as a delivery system to Delamere and Cape via the Delamere General Store mail run.

It was brought to the group's attention that several families with children were doing it tough. Volunteers assisted with food preparation and/or delivery and almost \$1300 was donated from the community, as well as fruit and vegetables. The donated money was used to purchase supplies for breakfast cereals and approximately 12 loaves of lunch sandwiches for each of the local schools, delivered along with bags of donated fruit. TJ also made approximately 75 'Pay it Forward' take home meals for local families, many of which were donated through Meal on Wheels or the schools.

The remaining cash raised (\$813) and food supplies were donated to the 5CY Community Pantry welfare group. What a great supportive community we live in!

Garage Sale Trail

Save the date!

21-22 NOVEMBER 2020

On average, household garage sales made \$319 on the Trail last year.

Garage Sale Trail

After a tough start to the year, District Council of Yankalilla and Garage Sale Trail are more excited than ever to bring you ONE BIG WEEKEND of money making, planet saving, treasure hunting fun (be that virtual or in person). Lock in the slightly later date of 21 & 22

November 2020 and get those reusable shopping bags ready for the biggest contactless weekend of garage sales Australia has ever seen!

Pre-register at www.garagesaletrail.com.au and be the first to know when registrations open.

Creative Cocoon Youth Photography Competition

The Fleurieu Coast YAC had a fun filled program organised for Youth Week and unfortunately due to COVID-19 all events had to be suspended.

We wanted to keep our young people engaged especially in these trying times so we developed an online photography competition called Creative Cocoon. The brief was to capture images that show how they were dealing with the ever-changing times.

Congratulations to the Winners:

Under 10

1st Prize - Swae Wright with Fun Fishing

2nd Prize - Iris Cheeseman with I like walking

Under 15

1st Prize - Toby Hutt with Flipper

2nd Prize - Tasi Wright with Cautiously Calm

Commonwealth Home Support Program (CHSP) news

Following a very restricted service since March this year, we are happy to report a return to an almost normal service from June 2020.

Over this time, our Wheelchair Access Vehicle (car 4) became fully operational with 8 drivers completing their Driver accreditation. Council have purchased a wheelchair for flexibility and training of our staff.

Pictured is Dave Richards, Volunteer Driver getting the ramp, restraints, winch and wheelchair ready to take Clive Johnson, Council's CHSP Officer, on a test drive as part of the induction.

Bookings are essential, please call 8558 4086.

New Visit Fleurieu Coast Website Launched

Our new tourism website www.visitfleurieucoast.com.au is officially live!

The new site features stunning imagery focusing on staying here, playing here, tasting the region and events with automated integration of Australian Tourism Data Warehouse (ATDW) listings.

The ATDW integration means that operators are in control of their own listing and can update their content any time. If your business is not listed on ATDW you will not show up on our site. If you would like assistance to list with ATDW contact Natalie at the Visitor Centre on 8558 0240.

We aim to build the blog content on the site and we invite you to be a guest blogger. Have you got a story to share about our region? Are you a foodie that would like to write about local eateries, are you a walker who can share your thoughts on the best walking trails or are you a local history buff with a yarn to tell? We want to hear from you!

TASTE

EVENTS

Local Government Professionals Leadership Excellence Awards Win

On Friday 26 June 2020 the District Council of Yankalilla, along with Alexandrina Council, City of Victor Harbor, Kangaroo Island Council and Fleurieu Regional Waste Authority (FRWA) were announced winners of the Local Government Professionals Leadership Excellence Awards in the category for Excellence in Cross Council Collaboration.

The Councils have worked together to effectively implement fortnightly collection of all three waste streams, develop and increase efficiencies amounting to substantial monetary savings.

The individual diversion rate results in each Council have been outstanding. Over the four years from 2015/2016 to 2018/2019:

- Kerbside Municipal Waste disposal fell by 23% over 4 years
- Recycling materials collected at the kerbside increased by 22% over 4 years
- FOGO collected at the kerbside increased by 80% over 4 years
- Savings of \$527,000 in landfill costs were realised over the four years

Council were also honoured to be a finalist in two other categories; Leadership in Community Services for our Community Outreach Program & Excellence in Environmental Leadership and Sustainability for our Community Nursery Project.

Did You Know...

Development approval is required for an outdoor spa if the spa has a maximum capacity exceeding 680 litres.

Your outdoor spa needs a safety fence and gate too...

While all pool owners should know the rules and regulations with swimming pool safety fence requirements, these also apply to outdoor spas.

All outdoor spas must have a continuous safety barrier maintained by the spa owner that restricts access by young children.

Child resistant lockable hard covers on spas CANNOT be used as safety barriers in place of a fence because:

- There are currently no regulatory standards for spa pool covers
- When the cover is removed, there is no barrier

Fencing must be constructed in such a way to make sure that:

- It is an effective barrier to young children
- It is permanent

- Young children cannot crawl under or climb over it by using hand and foot holds
- It is at least 1.2 metres high
- Any boundary fences used as part of the child-safety barrier are at least 1.8 metres high on the side that faces the spa with a 900mm non-climbable zone at the top inside of the fence, a boundary barrier may be climbable on the neighbours' side.

Gates to the spa area must:

- Swing outwards from the spa area
- Be self-closing from any position
- Be fitted with a latching device, out of small children's reach, at least 1.5 metres above ground level.

You can also download the brochure "Is your swimming pool kid safe?" from the website www.sa.gov.au for safety guidelines.

For more information please contact Council's Development Team on 8558 0200.

Be Bushfire Ready

Bushfires can be devastating for any community. Council is committed to promoting individual responsibility for fire prevention across our district.

Reducing the vegetation from around your home, vacant land or creating a fire break is one of the most important things you can do to keep your family, your home, your neighbours and the community safe in a bushfire.

It is property owners and occupier's responsibility to maintain their land all year round, but properties must be complaint prior to the commencement of the Fire Danger Season. The Requirements of a property owner or occupier can differ depending on whether your property is inside or outside a township area.

Land Owners and Occupiers of property with in a township must:

- Slash/mow all grass to a height of no more than 10cm

Land Owners and Occupiers blocks outside a township must:

- Property boundaries that boarder a residential township, fire track or along a road side are required to create a ten (10) metre fire break.
- All other boundaries require a five (5) metre fire break.

A fire break must be grazed, slashed or mowed, ploughed or harrowed, chemically sprayed, or otherwise cleared to a maximum vegetation height of ten (10) centimetres prior to the commencement of the fire danger season and maintained to this standard throughout the fire danger season.

Visit www.cfs.sa.gov.au for more information and a reminder to prepare your bushfire survival plan today!

Library News

Story Box Library

Imagine the best stories being read aloud to you by our favourite storytellers – that's Story Box Library!

We get kids excited about reading, inspire their imaginations and let them have fun with stories, improving their language and literacy skills along the way.

With an ever-growing library, suitable for preschool and primary aged children, it really is Storytime, Anytime!

To access Story Box Library:

1. Visit www.yankalilla.sa.gov.au/library-and-community/library/online-resources
2. Follow the link to Story Box Library
3. Log in with your Yankalilla Library card number

Kanopy

The popular on-demand film streaming service Kanopy is now available for Yankalilla Library members, showcasing more than 30,000 of the world's best films, including award-winning documentaries, rare and hard-to-find titles, film festival favourites, indie and classic films, and world cinema collections.

- Watch up to 10 films per month
- Access from any device
- Create an account and register your library card at yankalilla.kanopy.com today!

Mobile Printing

Yankalilla Library now offers mobile printing, which allows customers to send documents to print from their own mobile phone, tablet or laptop 24/7, and then collect them from the library during opening hours.

Simply download the PrinterOn app on your mobile device and search for Yankalilla Library, or upload your files to www.printeron.net/yIs/yankalilla-library-service.

Documents will remain in the library system for up to 7 days, so you have time to collect them. Cash payments are required before documents are released for printing. See library staff for more details.

Current Consultations

Prosperous by Nature: Draft Economic Development Strategy for the District Council of Yankalilla 2020-2025

Consultation Period 1 June 2020 to 30 September 2020.

The Economic Development Strategy provides a five-year planning framework to support the vibrancy, diversity and sustainability of the communities of the Yankalilla District to 2025 and beyond.

Designed to effect positive change, the opportunities for action presented in this strategy, when implemented, will help facilitate the resilience, competitiveness and success of local businesses and the capacity of the Yankalilla District community to attract investment, diversify the economy and provide the foundations for the jobs of the future.

Have we got the strategy, right?
Please provide your feedback!

Upcoming Consultations

Genetically Modified Crops

27 July to 21 August 2020

The ban on growing Genetically Modified (GM) crops under the Genetically Modified Crops Management Act 2004 (SA) in South Australia has been lifted, however Councils are being given the opportunity to make a request to the Minister for Primary Industries, Tim Whetstone, to designate their Council as a non-GM crop area.

In making this decision the Minister will only consider evidence related to the trade and marketing impact of GM crops and therefore in order to declare the Yankalilla district as GM crop free Council must consult with its community including persons engaged in primary production activities and food processing or manufacturing activities within the Council area. This also needs to include any such processing or manufacturing activities whose company may be based outside of a Council area.

Normanville Surf Life Saving Club

dates to be advised

81-83 Andrew Avenue, Normanville

dates to be advised

The Depot Dirt!

Completed works in June:

- Patrol grading began across the district
- Drain maintenance at various locations
- Shoulder maintenance on Reservoir Road
- Tree trimming Range Road
- Potholing
- Retaining walls & footpath Andrews Avenue
- Re-invigorate the gardens at 1 Charles Street Yankalilla
- New planting along Normanville Foreshore carpark
- Verge stage 3 final plantings/ mulching Carrickalinga Road
- Scheduled mowing & park maintenance
- Fencing at Jaitjakawengga Reserve Second Valley
- Skate park maintenance & grinding
- Electrical upgrades 1 Charles Street Yankalilla
- Sign replacement program completed
- Visitor Centre refit
- Replacement of damaged toilet facilities
